### C. Business Profile – Experience and Qualifications of LAZ Parking

### History of LAZ, Parking - Qualifiations and Experience

LAZ Parking was formed in 1981 as a valet parking company servicing the hospitality industry in the New England area. While soliciting to provide valet parking services for the Hilton Hotel in Hartford, LAZ Parking was afforded the opportunity to manage the entire parking operation, which included a 600 space-parking garage. In our first year operating the facility, we improved the net operating income by 50%. Today that same story resonates in each facility we acquire, always with the same results, increased profitability and better service.

Today, LAZ Parking is a national parking company, headquartered in Hartford, Connecticut. The Florida regional office in Miami Beach provides support for satellite offices in Orlando, Tampa, Jacksonville and Ft. Lauderdale. In existence now for 35+ years, LAZ Parking manages over 2,100 locations in 26 states, 300 cities, and maintains gross revenues in excess of \$930 million annually. LAZ Parking's portfolio includes: major entertainment/event parking, residential buildings,

hotels & resorts, office buildings, mixed-use projects, on-street/municipal parking, shuttle systems, consulting, hospitals and medical complexes, stand-alone Garages, surface lots, valet parking sites, airports and university parking.

LAZ is the first and only parking operator in the United States to have successfully completed privatization of the parking assets of a first tier U.S. city, Chicago, IL. LAZ Parking, together with its financial partner Morgan Stanley Infrastructure Partners ("MSIP"), entered into long-term parking concession lease agreements with the City of Chicago with up-front concession values of \$563 million 99 year lease/concession of Chicago Downtown Public Parking System at Millennium Park consisting of four underground garages totaling 9,178 parking spaces and \$1.15 billion 75 year lease/concession of Chicago On-street Metered Parking System with over 36,000 spaces. In all, nearly one third of the parking spaces under LAZ management are public agency spaces (State, County and Municipal). Additionally, in 2012, LAZ partnered with QIC Infrastructure in a \$483 million Public Private Partnership transaction for the long term lease of The Ohio State University parking system.

LAZ Parking operates through regional offices headed by officers of the company. Through these offices, LAZ Parking offers its clients the resources of a large company but with the attention and responsiveness more typical of a local company.

#### PARTNERS IN PARKING™

LAZ Parking trademarked this phrase because it best describes the essence of our company. We are not a typical parking management company. We are truly focused on providing the highest level of client and customer service partnered with a custom operating program that is site specific while exceeding the financial expectations of each of our client's parking assets. We are proactive rather than reactive, we are creative not complacent. We foster a working relationship that goes beyond a normal vendor relationship. We become your parking partner. We develop unique and innovative parking solutions to assist in making each parking operation we manage an overwhelming success.

#### **Our Mission is our Motto**

"Create opportunities for our employees and value for our clients"

**Create Opportunities for Employees.** We are not only providing a job for our employees, we provide opportunities to grow personally and professionally with the ability to advance within the organization. LAZ is proud of our employee's achievements and their commitment to the company. Many of our staff spent their entire careers within our organization. Our company founders and the majority of our executive team all started as parking attendants.

Create Value for Our Clients. We know that our clients can select from a variety of companies to manage their parking and service needs. Likewise, our customers have many choices about where to park their cars. We want to create value for clients and customers so that the choice to select LAZ is an easy one. We can create value by giving honest and dependable service, providing clean, efficient and well-maintained systems, and maximizing the profitability of every location. We encourage our employees to "think like an owner" and we manage all of our locations as if it were our own.

#### **Values**

Values are the rules we play by or the non-negotiable behaviors we are committed to following. LAZ upholds the following four core values.

- 1) Respect for Each Individual
- 2) Commitment to People
- 3) Honesty & Integrity
- 4) Trust

Each of these values is a cornerstone of our culture and we are committed to living up to and communicating them to all our team members each and every day. We hope to prove to the City of Coral Gables that there is a difference in parking companies and what makes LAZ different are our people. Our company has grown by leaps and bounds primarily because we put people first.

### Related and Affiliated Firms / Size and Organization of LAZ Parking

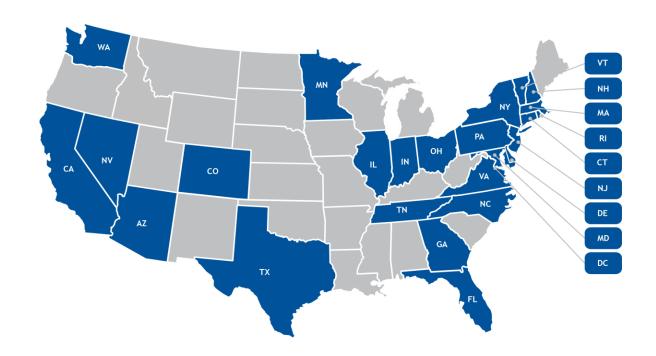

In 2007, LAZ formed a partnership with Europe's top parking operator, INDIGO fka VINCI Park, a publicly traded company that has built an extremely successful network of innovative parking operations in countries throughout Europe and Canada. INDIGO currently operates over 1,000,000 parking spaces in 300 cities, in 14 countries. This partnership supports LAZ Parking with tangible financial, innovation, and infrastructure expertise from a global leader while LAZ maintains 100% operating control.

Aside from our partnership with INDIGO, LAZ Parking has nine separate operating divisions around the country;

- ❖ LAZ Florida Parking, LLC Established in 1999, our Florida region consists of more than 95 locations throughout the State. We operate in Coral Gables, Daytona Beach, Ft. Lauderdale/Hollywood, Jacksonville, Kendall, Miami, Miami Beach, Naples, Orlando, St. Augustine, South Miami, St. Petersburg /Clearwater and Tampa.
- LAZ Parking, LTD, LLC Our corporate headquarters provides services throughout Southern New England including Hartford, New Haven, Bridgeport, Norwalk, and Stamford, Connecticut.
- **❖ LAZ Parking Limited, LLC** − Our regional office in Boston services Northern New England including Massachusetts, New Hampshire and Rhode Island.
- ❖ LAZ Parking Georgia LLC This region encompasses operations in Georgia, Alabama, North Carolina, and South Carolina, with 150 locations and 600 employees.
- LAZ Parking Mid-Atlantic, LLC This region has over 125 locations and is supported by our city office located in Washington, DC. This region handles operations in the Pennsylvania, Virginia, Maryland, and Washington DC markets.
- ❖ LAZ Parking New York/New Jersey, LLC Our office in Manhattan services Manhattan, Long Island, Westchester County, Rockland County and upstate New York, along with Northern New Jersey.
- ❖ LAZ Parking Texas, LLC Established in June of 2006, this location now operates Victory Park in Dallas, which includes the operations of a W Hotel, along with

- residential, retail and event venues in Austin, Dallas, Houston, San Antonio and Albuquerque, New Mexico.
- LAZ Parking Chicago, LLC Our Midwest office is located in the heart of downtown Chicago. LAZ began operations in December of 2006 at four downtown Garages, which comprise over 9,200 parking spaces. This contract represents one of the largest parking systems in the world.
- ❖ LAZ Parking California & Sunset Parking Service, LLC Our Western Regional Office is comprised of a partnership with Sunset Parking Service. Sunset has served Southern California since 1981, and operates 165 locations, employs 900 people and has a strong presence in the San Diego, Orange County, and Los Angeles markets.
- ❖ LAZ Ultimate Parking In late 2008, LAZ Parking formed a partnership with hospitality parking professional, Ultimate Parking. This acquisition represents the LAZ Parking commitment to enhanced services and value offered to hospitality clients and guests. LAZ Ultimate Parking consists of 180 locations and over 1,150 parking hospitality professionals.

Independent Auditor's Report	2
Consolidated Balance Sheets	3-4
Consolidated Statements of Income and Comprehensive Income	5
Consolidated Statements of Changes in Members' Equity	6
Consolidated Statements of Cash Flows	7
Notes to Consolidated Financial Statements	8-24

#### Independent Auditor's Report

To the Members Laz Karp Associates, LLC

We have audited the accompanying consolidated financial statements of Laz Karp Associates, LLC and Subsidiaries (the "Company"), which comprise the consolidated balance sheets as of December 31, 2014 and 2013, and the related consolidated statements of income and comprehensive income, changes in members' equity and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, in the accompanying consolidated financial statements referred to above present fairly, in all material respects, the financial position of Laz Karp Associates, LLC and Subsidiaries as of December 31, 2014 and 2013, and the results of their operations and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

# **E.** Management Team and Key Personnel Qualifications

# Key Personnel with LAZ Parking (National Team)

LAZ Parking					
Name & Title	Role	Experience			
Alan Lazowski	Chief Executive Officer	Alan Lazowski is Co-Founder of and President of LAZ/Karp Associates, Inc. He attended the University of Connecticut and has completed work in the Graduate School of Design at Harvard University, specializing in Real Estate Investment Analysis. He is the Chairman Elect of the National Parking Association and is on the Board of Directors of Homeward Bound Foundation, The Jewish Community Center and the Advisory Board of First National Bank. He is a member of the Advisory Board of the Hartford Downtown Council and the Urban League.			
Jeffrey N. Karp	President and Founder	Jeffrey Karp co-founded LAZ Parking in 1981 while attending Northeastern University. He graduated from Northeastern with a degree in psychology.  Jeffrey currently is on the board of directors of the Anti-Defamation League, the Save the Harbor Foundation, Club Pivot USA, and the Tulane University Parents Council. He recently was awarded the 2011 Anti-Defamation League's Torch of Liberty Award. Jeffrey also is a member of the Young Presidents Association, the National Parking Association, and the Northeastern CEO Forum.			
Michael Kuziak	Chief Operating Officer	Michael J. Kuziak is a graduate of the University of Hartford with a B.S. in Finance and Marketing. Mr. Kuziak oversees the Connecticut based parking company including personnel, operations, finance and new business development. He is the primary owner contact for management clients and works closely with property owners to ensure satisfaction with the operation and marketing of each facility. He served on the Board of Directors for Business for Downtown Hartford and serves in an advisory capacity for various other community groups. Mr. Kuziak has been with LAZ Parking since its inception 35 years ago.			

### (Local Team)

### Chris Walsh - Regional Vice President - Florida

Christopher has been a leader in the parking industry since 1996 and started his career with LAZ Parking as a Regional Vice President who successfully expanded our Mid-Atlantic presence. He has worked in markets located in Georgia, Maryland, North Carolina, Pennsylvania, South Carolina, Virginia and Washington, D.C. He is currently based in Miami and responsible for premier Florida properties in Miami, Fort Lauderdale, Tampa, Jacksonville, Orlando, Daytona, St. Augustine and Naples. His vast experience in business development activities and operational management encompasses Class A office buildings, hospitals, hotels, stadiums and airports. He also has conducted due diligence activities for numerous acquisitions and privatization deals. Chris managed the Miami International Airport for 3 years. Christopher graduated from LaGrange College with a degree in business administration.

### Luis Macedo - General Manager - Florida

Luis is our General Manager for the Florida region for over 10 years and has been in the parking business for more than twenty-two years. Luis fully understands all parking operations both locally and nationally which include hotel, office building, municipal organizations, special event, valet and institutional parking operations. He has assisted in municipal parking for the City of Miami Beach and Fort Myers previously and currently is responsible for the operations in South Miami, Surfside, and University of Miami. He also assisted with parking operations for Jackson Memorial Hospital, City of Daytona Beach and Miami International Airport. Luis is a graduate of Florida International University.

### David Zell, RPA – Director of Business Development

David Zell is the Director of Business Development with LAZ Parking. He has over 30 years of combined experience in the parking industry and commercial real estate field. David's career began with a large parking company and he has held senior management positions with several other parking operators prior to joining the LAZ family. Mr. Zell earned his RPA designation through BOMA (Building Owners & Managers Association) and has managed commercial real estate assets in excess of 3 million square feet. He has operated over 180 different parking facilities from large mix-use developments and office buildings to high-end valet services for hotels and high-rise condominiums. David also directed a large municipal parking program for the City of Louisville, Kentucky.

### Marcela Espinal, Regional HR Manager

Marcela Espinal is new to the LAZ Family and was hired to oversee the Florida Region. Marcela brings over 15 years of recruiting and human resources Management experience having worked with three national companies in the Hospitality, Food Indistry and Retail Market. She is a passionate and result-oriented professional with a strong background in heavy recruitment. Marcela spearheads our initial and ongoing employee customer service traing clasess. She looks forward to more successes while she continues to grow LAZ parking through out the state of Florida.

### Sandor Dizes, CPA, Controller - Management Accounting

Sandor joined LAZ Parking in 2011 and oversees LAZ Parking's Management Accounting and Reporting team. He is also involved in the financial and administrative support functions performed by our home office and regional teams. Sandor spent 12 years at two leading regional public accounting firms in the Hartford, CT market where he served as a manager providing business compliance and tax services primarily to closely-held, middle market companies. Prior to joining LAZ Parking, he served as CFO of a private-equity backed third party service provider of digital imaging for Big Box retailers and leading OEM's in consumer electronics. He currently leads a team of 20 highly qualified accountants that service over 650 managed client locations located across the country.

### Carlos Marenco – Municipal Parking Manager

Carlos has been with LAZ Parking since 2008 and has specialized in municipal parking services. He has managed the parking operations for the South Miami, Surfside and University of Miami's paid parking concessions. He atended Miami-Dade College, has attained the Certifed Parking Enforcement Certifiation, and is knowledgebale with all of the latest enforcement technology avaaibale in our industry. Carlos has excellent customer service skills and is fluent in both English and Spanish. Mr. Marenco is activly interacts with the retailers and business using the public parking programs and stays abreast of all local events Carlos Mareneo would be our recommended manager for the City of Coral Gables parking program.

# F. Project Understanding, Proposed Approach & Methodology

### **Hiring and Training**

The essence of our organization is with our front line employees. The opinion patrons will have of the City of Coral Gables may very well rest with the interaction that patrons may have with one of our ambassadors. We train our staff to always take a retailer's approach... "The customer is always right!"

In order to strengthen LAZ's corporate culture, and to promote a consistent sense of teamwork across our national presence with over 9,300 employees, LAZ developed the MVP Program. MVP stands for Mission, Values and Practices. We firmly believe that our company's success is grounded on living the Mission.

LAZ Parking's DNA is in valet parking. Even though we operate at over 2,100 locations in the US, valet parking operations are where we started and that makes LAZ extremely customer-centric and responsive. LAZ valetparks over 1,700,000 cars a year, and unlike other parking companies who simply staff locations, LAZ employees look millions of motorists in the eye as they hand over their keys and entrust us with their vehicles. personal service and level of trust translates into the way we treat every member of the public at all of our managed locations. Further, our customer service training program applies to all parts of our organization, from executives to managers and cashiers and is reflected in what the public and our clients see in our staff every day. All of our training revolves around the customer experience.

### Hiring

While employees from the current operator at the City of Coral Gables Parking System will be considered, LAZ Parking has a comprehensive pre-employment screening program in place to make sure that only the most qualified candidates are chosen for employment. Pre-employment screening is an effective risk-management tool that promotes a safe and efficient workplace by helping to limit the uncertainty inherent in the hiring process. Our pre-screening techniques significantly reduce potential theft, violence, financial loss, sexual harassment and

other workplace problems. It is the policy of LAZ Parking that accident prevention and situational awareness shall be considered of primary importance in all phases of operations and administration. This prevention starts with the pre-employment process and continues throughout the team member's employment with LAZ Parking.

### **Pre-Employment Background Checks and Screening**

Preliminary Pre-Interview Screening: At the front-end of the process, LAZ Parking pre-screens candidates before they are invited in for formal interviews. Hiring managers are trained in how to narrow down the potential pool of applicants to qualified individuals, and how to check employment & personal references.

Employment Verification: Each potential employee has his/her last 2 jobs verified by their previous supervisor. Dates of employment, job title, and performance are rated and confirmed. Criminal Background Checks: As required by the RFP, all new hires will be required to have a Dade County background check in addition to having their social security number run through the Department of Homeland Security database using E-Verify to verify eligibility to work in the United States. Below are some of the additional checks our employees will undergo if selected:

- Where applicable, we utilize ADP Screening and Selection Services to perform background checks (including criminal record searches, credit history and motor vehicle record searches) on all prospective entry-level and management candidates.
- Screening of all management-level candidates, including supervisors, specifically covers criminal records, motor vehicle driving infractions (if the positions involve driving), educational credentials and prior employment.
- Candidates for non-management positions that involve driving are screened for criminal and motor vehicle driving infractions. If the position does not involve driving, the candidate is screened for a criminal record.
- Pre-employment Drug Tests requires of all candidates seeking employment with LAZ Parking. Employees are required to take a 5-panel drug/alcohol test before working with LAZ Parking Service. This test screens for past exposure to marijuana metabolites, cocaine metabolites, opiates, amphetamines, and phencyclidine.

### **Screening Reduces Turnover and Improves Customer Relations:**

Our hiring and pre-screening process helps us retain qualified employees for the long-term, which, in addition to reducing turnover costs, gives our clients and parking customers the opportunity to establish the personal relationships and trust that facilitates a successful and profitable parking operation.

LAZ will make every effort to ensure that the employees who will wear the LAZ uniform for the City of Coral Gables are selected from only the best, most qualified candidates to fill the positions.

### **Training**

LAZ Parking believes that first impressions are lasting impressions. We believe people make the key difference in the service sector and have developed the following training-intensive program to help advance our employees into the best in the industry. All new employees have a training session with either their HR Manager or the Regional Vice President to go over important aspects of the job, (i.e. uniform policy, review process, pay scales, policies and procedures on missed days, etc.), and customer relations. Most importantly, all new employees are introduced to LAZ Parking's

"Think like an Owner" philosophy. At the front line employee level, this translates into providing service to and solving problems for the customer. Employees are encouraged to demonstrate initiative and make common sense decisions in order to satisfy specific needs of the customer. As employees progress through our training regimen, they earn the ability to advance within the company. LAZ has partnered with the National Parking Association to certify those individuals who have successfully completed the highest level of our internal training as Certified Parking Professional (CPP).

### Orientation

All of the LAZ employees at the Coral Gables facilities will undergo a comprehensive orientation program. This includes reviewing the City's policies and procedures, security and access through and around the parking system. All of our employees will also receive the LAZ Employee Handbook during orientation. In addition, the employee will be presented with information concerning their positions' responsibilities, details concerning the parking systems operations, as well as any specific requirements and expectations Coral Gables may have now or in the future.

Parkology 101 - designed to give our candidates a background on the unique nature of our company and the passion of our founders to keep a very simple and family oriented approach to our business. With our roots in Customer Service and our passion for people, we teach them about our Servant Leadership Philosophy and how our

management is committed to keeping our employees happy. We believe happy employees are motivated to provide outstanding service with a flair for fun and a positive attitude.

Parkology 102 - starts to lay out the "Rules of the Road" and teaches our employees the importance of focusing on providing exceptional customer service. All employees are tested on the specific guidelines we have set in order to check for retention of our key information and safety policies.

### **Safety Training**

All of our employees are issued a Safety Manual along with a thorough review of safety standards in their initial orientation. Our number one focus is the safety of our employees and customers. No unsafe behaviors are tolerated under any circumstances. Safety training includes some of our most common situations such as, safe driving skills, safety working around vehicles in drive aisles, personal injury avoidance, proper lifting techniques, working in extreme temperatures, proper actions during an emergency situation, working with impaired customers, and avoidance of slip and falls and hazardous situations in general.

### **Online Safety Training**

One of LAZ Parking's founders developed this program, which trains our employees on avoiding Vehicle Theft, Personal Injury, Damage Claims and Loss Claims. All employees go through this online training and are tested on retention. Passing the final exam for each of the sections is required for certification.

### On the Job Training - Mentor Shadowing

New employees are scheduled to work with an experienced trainer in the same job category 16 to 24 hours, based on manager and mentor evaluations. Mentors review important procedures within the cashier/valet training guide. This important step assists new employees in adjusting to the specific work environment, and gives the new employee and example of acceptable work habits and teamwork. Mentors are chosen from the field of veteran employees based on their performance.

### **Post-Employment Education**

LAZ Parking also has a "Post Employment Education" program which instructs line level employees and managers on developing skills necessary for advancement within the company. Formal classroom setting courses are offered, and employees must accumulate course credits in order to be considered for promotion. Examples of some of the courses that we offer:

- "GET 100" (Greet, Engage & Thank 100% of the time)
- "How to Become a Better Manager"
- "Motivating Your Employees"
- "Communicating With Employees"
- "Loss Prevention"
- "Property Safety"
- "Time Management"

Great attitudes, quick smiles, and enthusiastic responses are some of the tools for accomplishing our target goal of excellence in customer service that are stressed in our training sessions. We empower our employees to share their smiles and eagerness to assist patrons by providing them with maps of the hospital campuses, local area restaurants, and hotels for distribution to customers. We supply stickers, lollipops or candy to give to those individuals that seem to need a smile. Several parking specific amenity programs are available to our

clients and can be easily adapted to the Coral Gables parking operation. Many of these programs are very cost efficient, easily managed and immensely enjoyed by customers and employees as well.

### **Web Training**

As mentioned earlier, through our LAZ University program we conduct daily and weekly web-based training sessions throughout the country to achieve employee training compliance and operational excellence. From basic mathematics to technical equipment repair and maintenance, the dedicated LAZ Parking training team performs structured "webinars" to ensure a consistent workforce.

#### **Customer Service**

At LAZ, we firmly believe that "You never get a second chance to make a good first impression" and how we handle those first impressions sets the tone for our entire relationship with each customer. Our employees are taught that each interaction that we have with a patron, tourist, and resident is one of those "moments of truth" where impressions are formed and remembered.

In every aspect of our business, LAZ Parking upholds the highest levels of customer service and professionalism. LAZ managers and personnel understand and appreciate the fact that they represent not only LAZ, but the City they work in.

Key to ensuring that these principles are delivered consistently and throughout all of our operations is a framework of performance monitoring and accountability that is embedded into our employee training and development regimen.

Employee evaluations will be performed by the Supervisors and reviewed by the Project Manager. The frequency will be for a new employee

at 90 days and then every twelve months. All employee performance is evaluated every twelve months at a minimum and every six months at specific high service level locations. Areas of strength and development are discussed with each employee and may include additional training if needed which will be provided with assistance from the Project Manager. The supervisors assigned to the PBA account will be reviewed and evaluated by the Project Manager, Operations Manager and Vice President every six months.

### **Quality Assurance**

Our quality assurance programs will ensure contract compliance while also measuring how we are doing. This includes the use of mystery shoppers, survey cards, dashboards, reporting, local,

and corporate management involvement and corporate interaction from audit, accounting and other company support functions.

### **Communications**

At LAZ, we believe that focusing on communication is crucial in successfully accomplishing objectives. We have a scheduled daily call between our Regional Management staff and local level project managers which we call "The Daily Huddle". This brief daily call establishes a rhythm of communication between our on-site teams and our management staff which allows us to be informed and proactive. Subsequently, management and Senior Staff have a "Weekly Win Call" where daily huddle highlights are communicated to our Home Office and Partners. Our clients are encouraged to establish a regularly scheduled call with our management team daily, weekly or monthly based on their own availability. Client huddles typically involve a review of the previous month or week's operational and financial performance, and helps set objectives for the upcoming period prior to the next call.

Following is a sample of some of the topics which are typically discussed on these calls:

- ✓ Facility operations
- ✓ Customer service programs
- ✓ Repair, maintenance programs and recommendations
- ✓ Revenue enhancements
- ✓ Expenses savings

- ✓ Market conditions and trends
- Client, employee and visitor requests and questions
- ✓ Staff suggestions
- ✓ New training opportunities
- ✓ Security concerns

**Eye Contact:** Make eye connect with each patron to establish a human level of connection and trust with the person. Trust is established when people look one another in the eye, we all know that, but it does not mean that customer service programs focus on teaching their staff the importance of building it into the way they interact with a guest. Our ambassadors are trained to "lock in" with the patron and make that connection. If the patron is in a hurry, we will read that need, but either way, our greeting includes a moment of truth to create a level of trust with the patron. The same is true on the exit, our cashiers are trained to look the guests in the eye and develop a trust level with every interaction.

Impress Someone: Anticipate a need, or ask a helping question upon arrival and at exit. Our Hospitality Service Pledge: "Read the Need". Anyone can deliver average service so we look for ways to impress someone. Perhaps when the guest arrives they will need directions; we'll offer them, or they just finished a Starbuck's coffee; we'll offer to throw the cup away. There are dozens of ways to "Read the Need" or offer a special something for a guest. And, when it comes to service recovery, we teach our staff the importance of turning Challenges into

Cory Orcutt- 14 years with LAZ Parking

Opportunities with our belief that whenever we do not live up to a guest's expectations, it becomes an opportunity to show them we are 100% committed to making it right. LAZ Parking takes great pride in its established Quality Assurance programs which serve to ensure not only contract compliance, but also produce results that will exceed our clients' expectations. The starting point is a format which successfully communicates the contractual obligations and expectations to the entire location staff, from site manager to maintenance crew to part-time staff, as well as those individuals at the regional level responsible for supporting the operation.

### **Secret Shoppers**

An integral part of our Quality Assurance program is the user of "Secret Shoppers" to audit the quality of customer service of our own staff. This program would be employed at the Coral Gables Parking Facilities. The shopper is unknown to the location staff and acts as a parker. The secret shopper verifies ticket and cash transactions and evaluates the facility's overall appearance,

cleanliness, lighting, attendants' appearance, attendants' attitude and helpfulness. These reports will be a part of the monthly reporting package for Coral Gables Parking Facilities.

On an annual basis, or more often if requested by the City Gables, customer survey cards would be distributed at various facilities. This will allow LAZ to gauge the effectiveness of our employee training programs and make continuous improvement. The surveys are summarized in a matrix that can then be reviewed with the City of Coral Gables. Parkers' feedback is obtained on issues such as:

- Helpfulness of the LAZ staff
- Ease of parking
- Lot appearance

- Cleanliness
- Level of customer service
- Overall satisfaction

The results will be shared and reviewed with the City. If any items fall below an acceptable level, an action plan would be submitted immediately for approval, and if approved by the PBA, would then be implemented immediately in order to correct any deficiency.

### **Benefits**

Wage and Benefits Program: A fair wage and benefit program is the start of incentivizing employees to maintain employer loyalty. We also provide monetary reward programs, employee of the month contests, social events and recognition in our employee newsletter; all in an effort to promote a high level of employee morale and keep employee turnover to a minimum. We strongly encourage our management clients to approve incentive bonus programs, wherein employees can participate in fun, friendly competition for monetary and other rewards for achieving high scores on things such as 100% attendance, perfectly completed reports, customer compliments and survey results. Being recognized by your employer in front of your peers is very motivating and rewarding. Below and on the following page is a chart that outlines the benefits provided to employees.

LAZ has transitioned hundreds of different parking contracts over the last thirty-five years of business. These include hospitals, municipalities, university, government and private contracts. Some of these contracts have required us to provide certain benefits, wages and employee amenities which we have standardized on. Although LAZ provides industry leading benefits to our employees, our organization has the flexibility to provide an "equal" if not better amount for existing employees that may be transitioned. Below you will find a chart of many of the benefits offered to our employees. We believe that good employees deserve good wages; subsequently our starting wages are typically higher than the local minimum or prevailing wages for similar work.

Sample LAZ Parking Employee Benefits Package on the next page

Benefit	Service	Description	Salary	Hourly
Medical Insurance	90 calendar days	Bi-weekly contribution by employee.  May purchase dependent coverage.	x x	x x

401(k) Plan	1 year	50% Company Matching Funds up to 5% of employee salary invested. Vesting is on a basis of yearly employment.	х	х

**Incentive Programs:** LAZ Parking has budgeted for employee incentives awards. This is of critical importance to boost employee morale — excellent performance is rewarded. Our recommended employee incentive program works like this: In order to qualify for the employee incentive program, you must work 20 hours per week, for at least 4 months. Employees are evaluated on absences, punctuality, team work, uniforms, booth cleanliness, accuracy of paperwork, customer service and friendliness and overage/ shortages. Each employee would receive the appropriate bonus based on the total points earned during the period. Points will be given during the specific time period of the program (usually monitored every quarter or 6 months and awarded quarterly or every 6 months) for the following:

- Zero Absences = 20 points
- Customer letter or e-mail = 15 points
- 100% punctual = 15 points
- Uniform = 10 points

- Accuracy of paperwork = 10 points
- Zero overage/shortage = 15 points
- No write ups = 10 points
- Area/Booth Cleanliness = 5 points

Point Scale & Reward: 95 – 100 points = \$100

89 - 94 points = \$50

We also believe that motivational tools such as employee newsletters, parties, employee of the month and other morale boosting programs are imperative to motivating employees to deliver the highest level of service to your customers.

**Company RAVE Program:** On our weekly regional operations conference call, each region highlights any employee who stands out for their overall dedication or for a specific achievement. These individuals are sent a "RAVE Card" that is personally signed by the LAZ management staff. RAVE stands for **Recognizing Acts of Value & Excellence**.

### Uniforms

In order to present a professional image for our company and our clients, uniforms are an integral part of shaping a customer's first impression. The following are some samples of LAZ Parking uniforms. LAZ has the ability to further design or customize uniforms for any specific location needs and if selected we would work with the City of Coral Gables to select a uniform package that is functional, professional and complementary to the City's design sense.

### Improved Controls

LAZ Parking will operate the City's parking facilities in a prudent cost effective manner with improved controls.

Nearly a third LAZ Parking's business across the United States is providing parking services for Municipal and Government clients. We understand the demands and constraints this opportunity to work with the City of Coral Gables brings to LAZ Parking. We have many "hats" we must wear in order to do our job correctly. We have provided, on the pricing page, our cost to provide the City of Coral Gables with the services outlined in the RFP.

We will supply all the technology upgrades to integrate the existing parking equipment and camera system which will allow for **24 / 7 monitoring of Garages 2 and 6**. (See also Section F covering our remote monitoring services in greater detail).

On each device in Garage 2 and 6 is a small (hard to read) sticker informing patrons to press the intercom for service or call a toll free number. The call center and monitoring service needs to be a reliable means of assistance for the patrons using the City of Coral Gables parking facilities. What happens if a patron does not have a phone? The LAZ Parking **Centralized Patron Assistance Call Center (CPACC)** is a dependable service the City can rely on to service its parking clients.

### **Personnel Monitoring**

In as much as this contract is a service where the payroll costs are the largest expense. Having a state-of-the-art system in place to track and account for each employee's time is critical. LAZ Parking will utilize a biometric system of time and attendance (thumb print technology) for the City of Coral Gables account.

This unit is a sophisticated, feature-rich biometric time clock system, with the ability to perform job costing and department transfers. In addition, the Velocity 850 offers extended time tracking features such as break and lunch buttons and multiple pay rates. It offers a four-line, backlit LCD display with prompts for entries.

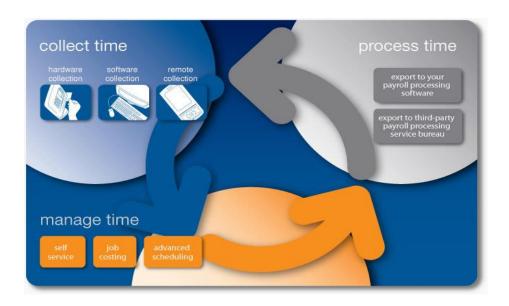

### **Payroll Audit**

- ✓ Our Home Office HR department maintains complete personnel files for every employee.
- ✓ LAZ deploys state of the art on-line biometric time-clocks at all of our locations.
- ✓ Weekly time reports are prepared by supervisors and approved by management.
- ✓ Payroll is processed and reviewed at the Home Office level by the payroll department.
- ✓ Actual payroll hours are compared to budgeted hours each pay period and variances over 5% are flagged for review by management.
- ✓ Overtime hours are minimized by maintaining a sufficiently large part-time and on-call staff.
- ✓ All government reports are prepared by our corporate payroll department in conjunction with the corporate HR department to ensure filing on a timely basis.

LAZ Parking's City of Coral Gables Parking Manager will be responsible for the creating, distributing and managing the daily, weekly and monthly scheduling of all attendants for the contract. These schedules will be created in excel and which will be cross refereed with our automated Timeforce system to track Over Time and consistency in staff.

With TimeForce time & attendance software, we are able to collect time, manage time, and process time to more effectively manage our employee's time and attendance data. We have moved beyond out-dated time clocks and employee time and attendance formats and have embraced an easy to use system that can positively affect all of our time management needs.

TimeForce eliminates calculation and data entry errors, as well as incorrect application of company policies. TimeForce replaces cumbersome tracking procedures and completely eliminates collecting payroll information manually.

### With TimeForce we are able to:

- Improve employee productivity by replacing all manual time sheet calculations, overtime, shift differentials, and rate calculations with 100% pay rule automation.
- Reduce employee grievances by ensuring a consistent application across the workforce and enforce rules and company policies.
- Restrict unnecessary overtime and other exceptions by having access to this information quickly.
- Assign resources more effectively and reduce the time needed to schedule employees.
- Altogether eliminate the need to calculate time cards.
- Eliminate manual payroll errors.
- Reduce the time required to schedule employees.
- Do away with timecard preparation, collection, filling, and storage.
- Significantly cut down on payroll processing time.
- Lower tardiness rate overall.
- Makes holiday management easy.
- Eliminates unauthorized hours.

- Eliminate the need to calculate vacation, sick, or compensation time accruals.
- Identify and eliminate time abuses (break, meal, buddy punching, etc.).
- Be more productive, efficient and profitable.

### **Housekeeping and Maintenance**

### GARAGE MAINTENANCE - THE FIRST AND LAST IMPRESSION

Good maintenance of a parking facility is paramount to the overall impression of any property. LAZ Parking's philosophy of maintenance can be summed up as "The White Glove Inspection." Every manager is trained on the basics of facility management. It starts with personnel and then requires comprehensive training to develop a complete maintenance crew. After careful hiring and training, control and follow up, one very important management dimension stressed in our management training is to assure quality maintenance is being followed.

With the use of a detailed maintenance check list, our managers are able to control and monitor the daily, weekly and monthly tasks of our people. These check lists are modified after a comprehensive walk through of the facility with our clients (typically the project engineer) and customized to cover all aspects of a particular property (see sample reports on the following pages).

LAZ Parking provides general maintenance, including, but not limited to, cleaning, routine touch-up painting, replacement of light bulbs, and minor repairs to equipment, as well as landscaping, preventive maintenance and degreasing. It is recommended that once a year (preferably spring) a thorough power washing be completed in the Garage. Additionally, regular sweeping (once per month) would help keep the facility clean. Our maintenance program will contain a daily, weekly, and monthly maintenance schedule to help in defining the timing and priority of the tasks. The Project Manager will perform daily inspections to ensure proper maintenance and LAZ Parking's Operations and General Managers will perform monthly inspections as an additional quality control measure.

### Maintain the Facilities in an Exceptionally Clean Manner

Our team provides a maintenance plan that will insure the parking facility is consistently kept clean. We use a checklist along with manager inspections to insure that the facility gets the level of attention it requires. Maintenance/janitorial tasks are performed at intervals (daily / weekly / monthly / quarterly / annually) appropriate to the facility and the standards set within the parking industry. This information will be provided to office management for proper execution.

### Maintain the Parking Equipment for Ease of Use

The parking equipment will be kept in proper working order. Our team will complete training with the parking equipment's manufacturer or designated local representative so we can be assured that the equipment is maintained to the highest standards.

### **Light Bulbs**

LAZ Parking will be responsible for reporting burnt-out light bulbs in the booths and in the facility and shall inspect all light fixtures at least weekly.

### **Litter Removal**

Litter will be removed from the parking structure on a daily basis, or more frequently if required.

### Oil and Grease Removal

Maintenance personnel shall treat oil deposits and grease daily in the parking facilities.

### **Additional Repairs**

LAZ Parking is responsible for daily preventative maintenance and regular minor maintenance on revenue control equipment in accordance with manufacturer's specifications. At a very minimum, such work will include the following items:

- Check and replace ribbons in ticket dispensers
- Clean and check all clocks to be sure the times are correct
- Replace broken or damaged gate arms
- Check and replace all ribbons and receipt tapes on computers, as necessary, to maintain a clear print out

### LAZ Parking will provide Ancillary Services to include:

On our visits to the parking facilities we were amazed by the number of empty parking spaces in the some of the garages. Garage #6 was by far the worst as there was not a single car from the roof all the way down to the 5<sup>th</sup> floor. LAZ Parking would assist the City of Coral Gables in adding Monthly Parking business into this facility. We have no competing garages in the area and all our marketing efforts would be geared to improving the revenue at this parking facility.

View of 51 Aragon Garage - 6<sup>th</sup> floor at 1:45pm

LAZ Parking will provide superior customer service to each and every patron using the City's parking garages. All employees working at the City of Coral Gables will be bi-lingual (English and Spanish). We will customize our LAZ Training material to be site specific to the City's needs.

We will meet regularly with City staff to support parking services and pricing for special events. We understand Coral Gables has a number of special events in the City from time to time. LAZ understands we need to be flexible in our staffing and maintenance to accommodate these events.

LAZ will work with area restaurants and retailers to help support their businesses. LAZ needs to be an extension of the City Parking Department and be able to offer assistance when needed. Promoting Monthly (Employee) Parking and Validation programs, especially for underutilized garages, is absolutely part of the reason you should hire LAZ Parking. Unlike most of our competitors, we have a dedicated marketing team to assist our clients with maximizing their parking assets.

We will interact with the valet parking companies supporting area business. The valet companies provide and important service for many restaurants and hotels in the CBD. LAZ will work with the City to make sure they are operating as they should be and not storing more vehicles than they are allowed to under their agreement.

### The LAZ Parking Transition Plan

Our experienced team has managed transitions and ran parking operations at many cities across the country and is very familiar with major municipal parking operations. We are confident that we will be able to facilitate a smooth and comprehensive transition without impacting service, only enhancing the service and operations.

On the following pages is a summary of our transition plan outline. This succinct plan allows us to effectively coordinate our efforts with the City of Coral Gables staff during all periods of a transition.

### TRANSITION PLAN SUMMARY

### Stage 1

- Finalize and submit to the City the required Permits, Business License and Certificate of Insurance
- Assemble transition managers and team members and assign tasks and duties
- Site walk through and thorough review of current parking operations
- Coordinate transition plan with LAZ Parking transition team and City staff
- Review our recommended operational recommendations with City staff
- Evaluate and revise existing staffing schedules
- · Review existing equipment and inventory needs
- Introduction meeting with all employees

### Stage 2

- Submit updated recommendations to supplement existing operations
- Order supplies, telecom, and request merchant ID numbers for credit cards, forms, etc.
- Technical support training on Revenue Control Accounting and Inventory Systems
- Notify existing contractors of operator change & negotiate new contracts if applicable
- Forward all Insurance Certificates to City administrators
- Hire additional new employees prior to transition
- Employee on boarding process
- Employee orientation and customer service training
- Uniform fitting for all employees

### Stage 3

- Cross train local workforce to be prepared at the City of Coral Gables
- Delegation of management and supervisory job assignments
- Submit finalized operating budget to City staff
- Installation/training of automated payroll/time attendance system
- Installation of automated cash deposit system
- Credit Card Processor testing
- Develop Standard Operating Policy & Procedures (SOPP) to meet City guidelines
- Inspect existing equipment and perform needed maintenance
- Distribution of Uniforms

### Stage 4

- Commencement of operation
- PCI compliance site audit
- Conduct comprehensive operational and procedural audit for review by the City
- Submit monthly parking transaction and revenue reports to City officials
- Submit Standard Operating Policy & Procedures (SOPP) to the City contract administrator
- Submit monthly billing statement to City
- Analysis of operating procedures and report to City officials
- Implementation of approved operational & revenue enhancement programs
- Submission revenue and expense reporting to City staff for format approval
- Ongoing meetings with transition team, parking manager and City staff

**Inventory and Transfer Requirements** – The plan shall include a detailed plan, schedule and checklists for the joint inventory and operational status for inventory of all facilities, fixed equipment (including PARCS equipment, Security Gates, etc.), non-fixed equipment, spare parts, manuals, and records. The plan should allow for the joint inventory to be accomplished and agreed upon by the City at least 30 days prior to contract start.

### **SAMPLE - The City of Coral Gables Transition Check List:**

- Confirm Pre Operating Budget with the City
  - Operating accounts set up and funded
- Create transition plan and manual
  - Operations
  - Timeline
  - Marketing
    - Set up meetings with local businesses/universities/attractions
    - City Parking Promotion
    - Advertising
    - Meet-n-Greets with existing parkers
  - Staffing/Human Resources
    - Regional Vice President
    - Director or Operations
    - Staff Accountant
    - Marketing
    - Maintenance Manager
  - Supplies
  - Temporary Office
- Insurance
- Property
- Liability

- Documentation
  - Operations and management agreement Create operating entities (legal documentation)

Below is a sample (30 days) Parking Transition Timeline that will be developed for the City of Coral Gables Parking Facilities

# Sample Transition Plan **Opening Time Line** Days prior to opening -31 -30 -29 -28 -27 -26 -25 -24 -23 -22 -21 -20 -19 -18 -17 -16 -15 -14 -13 -12 -11 -10 -9 -8 -7 -6 -5 -4 General Transition Meetings Agreement preparation & execution Complete Location Information Sheet Request location numbers Order Certificates of Insurance Transition Team Arrives Management & Support Personnel Parking Manager Supervisor Customer Service Representative/Maintenance Accounting Finalize budget Obtain licenses Notify Vendors and set up accounts Chart of Accounts Set up payroll Review client report format Establish Cash Control Procedures Establish Armored Car Procedures Develop Reporting Program Review credit card procedures Implement Cash Drop Procedures Establish Ticket Auditing Procedures Establish on-site money rooms Administrative Order Supplies Complete Emergency Contact List Set up location Offices Set up employee parking policy Establish Lost and Found policies Set up phones and radios Location Designation Preparation Physical Inspection by Field Managers List of equipment on site & needed Complete Quality Assurance Inspections Additional Support

# **G. Remote Monitoring Management System**

### **REMOTE MONITORING**

The LAZ Parking Centralized Patron Assistance Call Center (CPACC) program will exceed the monitoring system currently in place at the City of Coral Gables parking Garages 2 and 6.

Current system requirement:

### **Redundancy / Business Continuity**

- 1. Command Center must have ISP's (Internet Services Providers) on a separate feeds or an emergency substation at another location that can be utilized in the event of any disruption to main Command Center. **LAZ Parking meets this requirement**.
- 2. High Availability Dual routers and firewalls configured with high availability to facilitate an automatic fail-over or similar structure approved by the City's IT Department. LAZ Parking meets this requirement.
- 3. Emergency Power Battery backup and emergency generator. Must have battery backup for servers and work stations for short term power supply. Must have emergency generator or system that can be rerouted to a subsystem during any disruption to the main Command Center. LAZ Parking meets this requirement.
- 4. Must have on-site and off-site (cloud or off-site data center) to backup all mission critical systems. Off-site data center must be staffed 24 hours per day during any disruption to the main Command Center. **LAZ Parking meets this requirement.**
- **5.** Must have an infrastructure for disaster recovery of a geographical separate location with adequate network infrastructure in place. **LAZ Parking meets this requirement.**

### **Network Security**

- 1. Network Security must include appropriate measures for PCI compliance and best practices via firewalls, routers, switches, etc. **LAZ Parking meets this requirement.**
- 2. Must have VPN tunnels between the command center and all locations. **LAZ Parking** meets this requirement.
- 3. Proper network segmentation within the command center and remote sites. **LAZ Parking meets this requirement.**

### **Operation Specifications**

- Each command center agent must be able to interface with the site via PARCS access voice over IP communications and in-lane cameras. Successful Proposer must utilize existing equipment of add to or replace equipment at the Proposer's expense. LAZ Parking will invest in and make the necessary upgrades to the meet this requirement.
- 2. Integration with PARCS must have the ability to remotely interact with the site via WPS Network Manager and have access to revenue reporting data via Web Park with

- necessary software licenses for each, each agent station must have the ability to simultaneously connect to the PARCS. **LAZ Parking will invest in and make the necessary upgrades to the meet this requirement.**
- 3. Command Center IT support must have experience with and the ability to connect to PARCS network for remote access. **LAZ Parking meets this requirement.**
- 4. Command Center must be integrated with and all command agents must have the ability to interact with all major North American PARCS providers to include: WPS (Y), Secom (N), Federal APD (3M) (Y), McGann (Y), Skidata (Y), DataPark (Y), Scheidt & Bachmann (Y), CTR/Zeag (Y) and T2 (N). LAZ Parking meets this requirement.
- 5. Command Center agents must have site specific resources for in-lane operations.
- 6. At least one (1) Command Center agent per shift must be bi-lingual (English and Spanish) due to the high concentration of Spanish only speaking customers in the City. LAZ Parking meets this requirement.
- 7. Must be able to perform all necessary day to day operations remotely to include: monthly accounts management, validation management, reporting and exception transaction management. LAZ Parking meets this requirement.
- 8. Must be able to push rates to pay on foot station and exit stations in order to capture revenue form unreadable, lost or damaged tickets (depending on the PARCS ability to support this function). LAZ Parking meets this requirement.
- 9. Camera Command center must be able to support IP cameras from each device. If the proposer intends to use any other type or additional cameras then currently exists, replacement, additions and installation will be at the expense of the successful Proposer. LAZ Parking will invest in and make the necessary upgrades to the meet this requirement.
- 10. Intercoms must interface with Commend Intercoms. Must have Commend GE300 on site with a LAN License to establish server to server connection with Commend GE800 at command center. If Proposer intends to use anything other than the referenced Commend units, replacement and installation will be at the expense of the successful Proposer. LAZ Parking will invest in and make the necessary upgrades to the meet this requirement.
- 11. Must be able to schedule intercom call (via Commend Software) to be answered at the local site or the command center. **LAZ Parking meets this requirement.**

### **Connections**

1. Main internet connection must be a minimum of 50 MBPS or approved by the City's IT Department. **LAZ Parking meets this requirement.** 

### **Location / Experience**

- Proposer must have experience providing remote management solutions. LAZ Parking meets this requirement.
- 2. Proposer must have a minimum of 10 locations under remote management operations. LAZ Parking meets this requirement.
- 2. Remote monitoring center must be staffed 24 hours per day, 365 days per year including holidays. A least on staff member per shift must be bi-lingual (English and Spanish). LAZ Parking meets this requirement.

### Reporting

- 1. Command Center must provide call data reports for all calls received (not only gate vends) on a daily and monthly basis. LAZ Parking meets this requirement.
- 2. Command Center must be able to provide site specific details on hardware issues. **LAZ Parking meets this requirement.**
- 3. Must be able to report call date by lot device, reason for the call and resolution of the call. LAZ Parking meets this requirement.
- 4. Must be able to analyze all call and provide reports showing call wait times, length of call and command center station identification. **LAZ Parking meets this requirement.**

### LAZ Parking Centralized Patron Assistance Call Center (CPACC) Operations

In the continuing effort to improve upon "the parking experience" for the benefit of our valued patrons, as well as provide efficient and tangible value to our clients, LAZ Parking operates a Centralized Patron Assistance Call Center (CPACC) program in the Florida region with bilingual staffing.

The CPACC program is a state-of-the-art support center that provides 24/7 remote operational assistance to patrons utilizing our facilities. From a centralized command center, our program utilizes a variety of real-time communication vehicles (Camera systems, internet access, telephone/intercom/air-phone systems) to speak directly with patrons to provide customer assistance, answer questions, open entry/exit remotely, trouble shoot equipment malfunctions and address safety issues at all hours of the day and night.

Some of the tangible benefits the CPACC program provides our clients include:

**Improved Customer Service** – The CPACC program provides real-time "live" assistance to valued patrons requiring assistance and support. Our program creates the opportunity to produce a positive customer service response from a traditionally unpleasant scenario. In addition, daily activity reports generated by the program for each location provide the facility operations team with the opportunity to provide personalized follow up with the patron.

**Security & Safety** – The CPACC team is capable of dispatching area support staff and local authorities upon request to the location to assist patrons or address safety concerns.

**Reporting** – On the following page please find a copy of a standard Daily Action Report for the month detailing our command center's interaction with patrons. This report can be customized to meet the City's reporting requirements.

**Revenue Control** – The CPACC program provides 24/7 customer assistance and access control. This program eliminates the common practice of raising gates during non-peak or overnight hours. In addition, each call supported by CPACC is logged and routed into a Daily Action Report for the specific facility. Each day the facility operations team reviews the Daily Action report for possible exceptions to the revenue stream requiring follow up. The CPACC program provides a control and support mechanism to track all facets of patron assistance including: delinquent account holders, defective access cards, parking equipment malfunctions, etc.

**Operating Efficiency** – The CPACC program reduces the need for on-site parking staff during non-peak and overnight hours to provide excellent customer service. Patrons have the ability to access "live" assistance at the touch of a button.

### **Benefits**

- ✓ 24/7, 365 days a year Customer Service Support
- ✓ Reduced Management Cost
- ✓ Efficiency as it allows Porters and Staff to focus on their job
- ✓ Security and Safety

### The City of South Miami - Florida

The City of South Miami has realized steady growth in its parking revenue under LAZ Parking's management. Seven days a week LAZ provides collection, ticket enforcement and maintenance of the City owned equipment for 784 on-street and off-street meters and pay by space meters as well as a 452 space automated parking garage.

### Contact:

Alfredo Riverol, CPA, CRFA, CGFM, CGMA Chief Financial Officer (305) 663-6343 ariverol@southmiamiflorida.gov

Date of Commencement: October 2006 Contract Renewed: October 2014 (5 years)

Revenues: Appx \$2,000,000 (meter revenue and citation revenue combined)

Equipment: Digital Pay Stations Luke I and II

Staff: 5 enforcement officers and 2 maintenance persons

Total Spaces Managed: 1,236

### **Harris County Parking Facilities - Houston**

LAZ provides parking management, enforcement oversight, and parking consulting services of the Harris County Parking Facilities. When LAZ took over the operation in 2010 we made technological improvements to the existing system by introducing pay on foot, pay in lane, and digital pay stations to the garages and surface lots in the portfolio. These improvements have created efficiencies in the functionality of the facilities, accountability of revenue and overall better customer service. LAZ has improved top line budgeted revenue by over \$1 million dollars, a 33% increase, in our first year of operation. LAZ Parking provides 24/7 Monitoring Services for this account.

### **Norwalk Parking Authority**

Norwalk, CT

When LAZ Parking began operating the Norwalk Parking Authority facilities in 2003, the system was losing over \$600,000. LAZ has turned the operation around and at the end the first year of LAZ operation created a net operating income of more than \$500,000. Today the parking program is completely self-sufficient and contributes annually to the City General Fund. LAZ Parking has introduced state of the art automation technologies as well as payment options that have significantly reduced operating expenses while enhancing the level of customer service. This has resulted in significant increases to net operating income. Through innovative management strategies, we have significantly increased permit sales and hourly parking activities without sacrificing service requirements. Over the past two years, LAZ Parking has been instrumental in retrofitting the lighting in four of the City of Norwalk's parking garages, resulting in increased energy savings and lighting levels. Additionally, LAZ introduced credit card accepting single space meters and License Plate Recognition enforcement, which has increased violation issuance and payment compliance.

### **City of Walnut Creek**

Walnut Creek, California

Successfully winning the contract through a highly competitive RFP process, LAZ took over the day-to-day operations of the three 24/7 fully automated City garages beginning October of 2011. LAZ has increased maintenance and upgraded systems, including commissioning a new prepay by credit card system, and will power-wash each of the garages quarterly. Additionally we have added a high level manager and increased training to the parking ambassador program. Other changes include marketing programs utilizing social media like Facebook and Twitter and online bill-pay for monthly customers through PARIS. We have begun to develop new customer service programs, including "parker appreciation days" and free carwash drawings. LAZ Parking's staff also manages parking access to the lots for special events and film crews, which regularly use these highly desirable locations.

### The Ohio State University

Columbus, OH

The university set a floor price of \$375 million for the concession of its 35,000 parking spaces — including those at its medical center — After an international highly competitive process, the LAZ/QIC team offered the highest bid at \$483 million with the lowest annual rate increases. Under a ten year management contract, LAZ Parking is responsible for the day-to-day operations and maintenance of the system under defined operating standards and will also oversee the demolition and construction of at least one new parking garage during the concession term. LAZ immediately increased operational efficiencies and enhanced customer service which included a new web site http://www.campusparc.com/ and will be rolling out a smartphone enabled app in the first quarter of 2013. Parking operation revenues collected for Ohio State Football home games under LAZ supervision and management broke the all-time campus records for each of the first four games of the 2012 season.

September 8, 2014

### To Whom it May Concern:

I have had the privilege of working with LAZ Parking since October 2010, when LAZ Parking was awarded the contract to manage the parking operations at Harris County. LAZ's creative outlook to the specific concerns and issues of Harris County resulted in immediate changes to accommodate the constant parking needs that our operations require. LAZ's expertise was quantified immediately and was evidenced by a net increase of nearly one million dollars in their first year, and over one-half million dollars the second year. As we continue to see growth in revenue, LAZ continues to present more ideas and opportunities on a regular basis, never wavering or giving up when road blocks arise.

I feel comfortable knowing that managers are always available, and confident that all means are exhausted to ensure requests are handled in an expeditious and professional manner. I am proud to say that I consider LAZ Parking more than just a parking operator, but also our Partners in Parking.

Sincerely,

O . . . . O . I'

Contract Compliance Manager

March 8, 2016

Dear Sir / Madam:

LAZ Parking has provided parking service for the City of Daytona Beach since 2009. In fact, we recently renewed their agreement with us for an additional five year term in March 2015. The LAZ team of professionals has done an outstanding job in operating the City's parking assets. They do an excellent job of maximizing the City's revenue but never lose sight of the important need for customer service to our residents and visitors. In our experience, this is the unique blend of management style that sets LAZ apart from other operators.

Please feel free to reach out to me with any questions you may have concerning LAZ Parking and the City of Daytona Beach.

Sincerely,

Bob Goldberg, Sr.

City Internal Auditor

Phone (386)-671-8075

Bob Holdbergh.

City of Coral Gables Attn: Mr. Michael Pounds, Chief Procurement Office 405 Biltmore Way Coral Gables, FL 33134

Re: Laz Parking

Letter of Recommendation

#### Dear Mr. Pounds:

LAZ has been a vendor for the City of South Miami since 2006 providing all three facets of parking; collections, maintenance, and enforcement. LAZ Parking has been instrumental in improving the City's parking infrastructure for the City and helping with the implementation of new parking technology. They do an excellent job of working with our local restaurants and other retailers to assist with their parking needs.

Please feel free to contact me with any questions or if you need any additional information with relation to LAZ Parking and their service to the City of South Miami.

Sincerely,

Alfredo Riverol, CPA Chief Financial Officer

October 1, 2012

Patrick Ryan VP, Government Services LAZ Parking

SUBJECT: LETTER OF ENDORSEMENT

To Whom It May Concern:

I am pleased to provide my strong support for the LAZ Parking team. Since taking-over the City of Walnut Creek's off-street parking operation in 2011, the City's garages have been what we now fondly refer to as 'LAZified'. Upon inheriting a challenging parking situation, LAZ quickly and thoughtfully found ways to streamline our operation, improve customer service, and develop creative solutions to reoccurring challenges.

In addition to possessing a keen understanding of the challenges and nuances of managing the business of parking, LAZ supports and encourages a culture of fun in their organization. They embody an attitude of 'service with a smile', despite the challenges that often accompany managing any busy parking operation.

LAZ understands and appreciates that at its heart, parking is a customer service based operation. As a result of that customer focused philosophy, I often receive notes of praise regarding the professional and friendly demeanor of the LAZ staff.

In addition to managing the City of Walnut Creek's day-to-day parking operations, LAZ's management team is always willing to pull from their many years of parking experience to help develop creative ways to enhance Walnut Creek's citywide parking operations.

Without reservation, I would recommend LAZ Parking to anyone seeking a professional, experienced and fun parking management team.

Thank you,

Assistant to the City Manager

May 12, 2014

To Whom It May Concern,

I am pleased to provide a reference for LAZ Parking. Over the past 20 months, I have had the privilege of getting to know this organization, and as the chosen operator for QIC in the OSU Parking Concession, have been able to watch them in action. It has been very impressive. Not every private operator can easily blend in with a university campus. The politics, dynamic change that occurs constantly, and the numerous competing needs of a very diverse population make operations challenging even for a university operated department.

The LAZ Parking team has been very responsive and adaptive to changing needs and conditions while implementing best practices that not only provides the promised "services equal or better" (to the university operated department that was formerly in place), but has resulted in enhanced services to all customers. They have fostered strong relationships with key stakeholders and have brought new innovation to the parking system.

When you engage LAZ Parking, you not only get the benefit of the local team, but are able to tap into the resources throughout the organization. They take an "all hands on deck" approach to transition, bringing in key staff from all over the country. They have extremely talented staff who are able to maximize implementation of technology and operational efficiencies. During the first month of operation at OSU, the LAZ team evaluated garages to streamline traffic ingress and egress, modified signage to help clarify instructions for customers, and through efficient operations, increased revenue for the University Athletics Department by almost 30% in the first home football game operated (while reducing costs significantly yet providing better service than before). New services have been identified and implemented, delays at garage exits have been eliminated, and enhanced applications to help customers find available parking spaces have been created.

The LAZ team is very capable of assuming any service need for a municipality, airport or university, and provide services in all areas of parking, including valet. I would be happy to discuss specifics as necessary.

Sincerely,

Sarah M. Blouch

President

#### SCHEDULE "C" - VENDOR DRUG-FREE STATEMENT

Preference may be given to vendors submitting a certification with their bid/proposal certifying they have a drug- free workplace in accordance with Section 287.087, Florida Statutes. This requirement affects all public entities of the State and becomes effective January 1, 1991. The special condition is as follows:

- Publish a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the workplace and specifying the actions that will be taken against employees for violations of such prohibition.
- Inform employees about the dangers of drug abuse in the workplace, the business's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance programs, and the penalties that may be imposed upon employees for drug abuse violations.
- Give each employee engaged in providing the commodities or contractual services that are under solicitation a copy of the statement specified in subsection (1).
- 4. In the statement specified in subsection (1), notify the employees that, as a condition of working on the commodities or contractual services that are under solicitation, the employee will abide by the terms of the statement and will notify the employer of any conviction of, or plea of guilty or nolo contendere to, any violation of chapter 893 or of any controlled substance law of the United States or any state, for a violation occurring in the workplace no later than five (5) days after such conviction.
- Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program if such is available in the employee's community, by any employee who is so convicted.
- Make a good faith effort to continue to maintain a drug-free workplace through implementation of this section. As the person authorized to sign the statement, I certify that this form complies fully with the above requirements.

I hereby certify that the company submitting this solicitation has established a Drug Free work place program in accordance with Sate Statute 287.087
