Outdoor Dining Requirements

Outdoor Dining Locations:

1. Outdoor dining on public property shall be permitted within the pre-approved outdoor dining locations identified in Attachment A, subject to the restrictions below and the regulations provided in Zoning Code Sections 4-206 and 5-119.
2. Outdoor dining on private property shall be permitted provided it does not interfere with the circulation of pedestrian traffic on the adjoining right-of-way, subject to the regulations provided in Zoning Code Section 5-119.
3. Outdoor Dining on public property shall be restricted to the frontage of the abutting business property frontage line. The utilization of space extending no more than fifty (50) linear feet on either side of the property frontage line may be authorized and transferable subject to a written consent between the neighboring Property Owners and/or Tenants in front of whose businesses the Outdoor Dining service shall occur. Said written consent must stipulate that, if any of the two (2) properties go Out-of-Business, the Property Owners and the Tenants must forfeit their written consent and the individual property/frontage bundle of rights shall revert back to the original state. Should obstacles in the public right-of-way prohibit a restaurant from being able to provide outdoor dining in front of, or adjacent to, their place of business, the Development Review Official may permit the restaurant to use other underutilized outdoor dining areas in close proximity to the restaurant, subject to the same written consent requirements provided above.
4. Outdoor dining furniture shall be located at least ten (10) feet from the storefront or façade of the building. If the building is set back then a ten (10) foot clearance of the sidewalk from the property line shall be maintained.
5. Outdoor dining furniture shall be located at least five (5) feet from public street furniture (i.e. benches, parking pay stations, kiosks, etc.) excluding bollards and light poles.
6. A clear and unobstructed path at least five (5) feet in width extending from the entrance of the business through the outdoor dining areas shall be provided at all times for both public and private dining locations.
7. Umbrellas shall be incorporated into the table with a maximum of one (1) umbrella per table. Free standing umbrellas shall not be permitted. All portions of an umbrella shall be at least six (6) feet eight (8) inches above the right-of-way. Umbrellas may not be clipped, zipped or otherwise fastened together in order to form a tent like structure. Clear plastics or other materials may not be fastened, rolled or otherwise attached to umbrella edges in order to create an enclosure.
8. Waiter stands and storage of dishes, silverware or other similar equipment shall not be allowed outside the structural confines of the building in which the restaurant is located.
9. Live entertainment in permitted areas shall comply with noise regulations and hours of operation.
10. Planters within outdoor dining areas shall be set at a minimum of ten (10) feet from the property line. Planters shall not block the normal pedestrian flow or impede handicap accessibility on any sidewalk area or street crossing, including access to on-street parking. Planters shall not enclose portions of the sidewalk but may be used as buffers from vehicular traffic. Artificial planting materials (i.e. fake flowers and plants) shall be prohibited within planters. It shall be the permittee's responsibility to immediately remove planters, upon written and/or verbal notice from the City Manager, in case of emergency or other circumstances. Maximum size of planters shall not exceed the following:
 - a. Rectangular planters: A maximum thirty (30) inches long, by fifteen (15) inches wide by twenty (20) inches high.
 - b. Round planters: A maximum of twenty-four (24) inches diameter by twenty-four (24) inches high.

13. The Development Review Official may impose conditions to address potential harms and nuisances to serve the health, safety and welfare, and in particular, to ensure compatibility of the various uses within the right-of-way and adjoining areas.
14. No food preparation, food storage, refrigeration apparatus or equipment, or fire apparatus or equipment, shall be allowed on the right-of-way.
15. No food displays shall be permitted outside of the establishment.
16. No advertising signs or business identification signs shall be permitted on the public right-of-way.
17. No retail sales or displays shall be allowed on any public right-of-way areas, except as otherwise approved by the City Manager or his/her designee on a conditional and revocable basis where said displays are found to be compatible with, and further, City objectives.
