RE:

University of Miami/Watsco Center (formerly known as "Bank United Center")
Sesame Street Live

Dear Mr. Wu:

This letter represents the University of Miami's official request to exceed the capacity for daytime events for the Watsco Center. The applicable regulations governing events at the Watsco Center provide that there can only be 1,600 persons at non-academic events scheduled during the academic year between the hours of 8:00 a.m. and 4:00 p.m.

On Friday, October 27, 2017, the University is scheduled to host "Sesame Street Live," a community event based on the children's television show. Some 2,000 elementary school children will be transported via 45 buses to the campus. The doors of the Watsco Center will open at 9:15 am and the event takes place between 10:30 a.m. and 12:15 p.m. Parking demand on our campus is generally light on Friday's and there will be no displacement of regular University parkers from the areas where the buses will be staged within campus.

The University has developed a bus and staffing plan that reflects appropriate security, control of traffic, and management in order to minimize any potential impact. We would sincerely appreciate the City Commission's consideration to allow the University to host this event.

Sinderely,

Ricardo Herrán Senior Planner
