Chief de la Rosa stated that our department’s motto is “Committed to Community” and that commitment sometimes goes beyond responding to emergencies and our commitment to the City and our goal of delivering exceptional service was demonstrated recently by Captain Jedlinski who was nominated for outstanding individual initiative surpassing job requirements for his coordination of the “Santa Claus Around Town”. Chief de la Rosa stated that the “Santa Claus Around Town” program seems simple, but it takes a lot of logistics, planning and coordination to make sure that Santa visits every child on every street in Coral Gables in a 2-day period just before Christmas, so Santa gets back to the North Pole on time. Chief de la Rosa congratulated Captain Jedlinski on behalf of the men and women of the Coral Gables Fire Department].

Congratulations to Officer Gordon Dickinson, recipient of the City of Coral Gables "Officer of the Month Award," for the month of September, 2017.

[Note for the Record: Following Mayor Valdes-Fauli's reading of the title to Agenda Item 3 (i.e. Congratulations to Officer Gordon Dickinson, recipient of the City of Coral Gables "Officer of the Month Award," for the month of September, 2017), Sergeant Jose Baez introduced Officer Dickinson as the "Officer of the Month" for September, 2017.

Sergeant Baez stated that he is proud to present the "Officer of the Month" award to Officer Dickinson. Sergeant Baez stated that the reason that Officer Dickinson was selected for this award was on the night before the hurricane the power went off in the City and we received a call for on alarm at Crema, a coffee shop at 163 Miracle Mile. Sergeant Baez further stated that after Officer Dickinson arrived he obtained the description of the 3 subjects and the vehicle, which he broadcasted over the police main frequency. Officer Dickinson also obtained information on the following items taken: 3 cash registers containing \$500, a safe, several consumable goods and a knife. Sergeant Baez stated that later that night, the Coral Gables Police Department received a call from a resident of 215 Zamora Avenue, about 4 males on the second floor of her apartment building, with one holding a knife. Sergeant Baez stated the complainant who also made the call to the Police Department was scared, as she had no power in the building and believed she was in danger. Sergeant Baez stated that Officer Dickinson heard the description of the individuals and vehicle; immediately made a connection with the earlier call at Crema and advised over the police radio of his findings and responded to the address. Sergeant Baez stated that Officer Dickinson observed a male running into the building and followed the male into the building, where he observed that apartment number 8 had extensive damage to its door, as if someone had forced the door open. Sergeant Baez stated at this time Officer Dickinson made entry into the apartment and apprehended the subject.

Sergeant Baez stated what made this case so important, was Officer Dickinson's ability to put the two cases together, which were totally separate by remembering the description of the subject and the vehicle, and these were guys that broke into the business. Sergeant Baez added that he brought the victim and witness by and they positively identified the subject and the arrest was made, and that is why Officer Dickinson was selected as the "Officer of the Month" for September, 2017].

[Note for the Record: Following Mayor Valdes-Fauli's reading of the title to Agenda Item 4 (i.e. Congratulations to Officer Robert Thomson, recipient of the City of Coral Gables "Officer of the Month Award," for the month of November, 2017), Mayor Valdez-Fauli called Chief Hudak to the podium to introduce the "Officer of the Month".

Chief Hudak asked that Officer Thomson, and Sergeant Alejandro Escobar who did the nomination to come to the podium. Sergeant Escobar stated that on November 23, which was Thanksgiving, Officer Thomson was on routine patrol monitoring ALPR systems, which our cameras set up to capture license plates, if they our stolen, are wanted in connection with robberies or for questioning, and they actually advised the officers via the computer. Sergeant Escobar further stated that Officer Thomson was monitoring the system on US-1, when he got an alert, spotted the car and followed it to South Miami. Sergeant Escobar stated that this car was stolen out of Miami just 3 days earlier, so Officer Thomson stopped the vehicle and made the arrest and added that inside the vehicle there were what we call "extra bonuses", two people were in the vehicle in possession of drugs. Sergeant Escobar stated that Officer Thomson made the arrest and it was a very good case, as he recovered a stolen car that had been stolen out the of City of Miami just three days earlier and for that he was selected as the Officer of the Month" for November, 2017. Sergeant Escobar congratulated Officer Thomson].

Congratulations to Detective Janesse Soto, recipient of the City of Coral Gables "Detective of the 3rd Quarter Award," for the months of July through September, 2017.

Attachments: [COMMISSION COVER MEMO - DETECTIVE 3RD QUARTER 2017 Nomination Memo - Janesse Soto](#)

[Note for the Record: Following Mayor Valdes-Fauli's reading of the title to Agenda Item 5 (i.e. Congratulations to Detective Janesse Soto, recipient of the City of Coral Gables "Detective of the 3rd Quarter Award," for the months of July through September, 2017), Chief Hudak stated our final recognition from the Police Department for this year is the "Detective of the Quarter" and he would like to call Detective Soto and her sergeant, Jesus Garcia to the podium.

Sergeant Garcia stated it was his honor to present Detective Soto with the "Detective of the 3rd Quarter Award" for her role in apprehending three criminals who were known as professional jewel thieves in South Florida that had been burglarizing homes in the south end of Coral Gables and Pinecrest for over 15 years. Sergeant Garcia stated that during the summer of 2017, burglaries were at an all-time high in the south end of Coral Gables and Pinecrest; and as a result the Pinecrest Police Department created a task force and asked for the Coral Gables Police Department to participate, and Detective Soto without hesitation volunteered to assist. Sergeant Garcia stated that Detective Soto studied all of the residential burglaries that had occurred learning all of their peculiarities and similarities, and from that she was convinced she had identified the subjects, three known subjects that she had dealt with in the past, based on the modus operandi of each particular crime. Sergeant Garcia stated that on August 11th, Detective Soto and a detective from Pinecrest, went on surveillance to locate the subjects that she felt were responsible for committing most of the burglaries. Sergeant Garcia stated that while covertly surveilling the Pinecrest community, Detective Soto spotted a vehicle that was casing the area, after watching the vehicle for some time she decided to conduct a minor traffic stop, which she did in order to identify the occupants of the vehicle, and amazingly these were the subjects that she was looking for, adding she was really proud of that. Sergeant Garcia stated that the three subjects were subsequently arrested for loitering and prowling. Sergeant Garcia added that he is convinced these arrests prevented a burglary, if not several burglaries from happening that evening and as a result of this arrest, the number of burglaries in the south end of Coral Gables and Pinecrest has reduced dramatically, in fact, there have been zero burglaries for quite some time and for that Detective Soto is deserving of this award].

M. DISCUSSION ITEMS

Mayor Valdes-Fauli: Is there anything else to come before the...?

Commissioner Lago: Yes, quick question. When is our next Commission meeting?

City Manager Swanson-Rivenbark: The 23rd.

Commissioner Lago: OK. I just wanted to make sure, because I know that Commissioner Quesada has an item here that's time sensitive for February 3rd for the Tour of Kitchens for the 50 parking spaces.

Commissioner Mena: We voted on that.

Commissioner Lago: You voted on that?- Oh, I'd like to make sure that I'm counted as a yes vote on that please.

Commissioner Mena: We tabled the item on the...

Commissioner Lago: Yes. Thank you sir.

Commissioner Mena: I had a quick question. Now that we've appointed all the members for the Blue Ribbon Task Force, when are they going to get started?- what's next?

City Manager Swanson-Rivenbark: And so, we are getting all the contact numbers; today was the final in terms of confirmation. We are pleased that Celeste Walker has agreed to serve as staff liaison. Our office will work with her in setting up the first meeting.

Commissioner Mena: OK.

Mayor Valdes-Fauli: What about our Tree Committee is there any movement on that?- have we done anything?

Commissioner Lago: Refresh my memory - Tree Committee?

Mayor Valdes-Fauli: We had an Arbor Committee or a committee for Coral Gables

canopies, we talked about that.

City Manager Swanson-Rivenbark: Let me go back into our notes and research that sir.

Mayor Valdes-Fauli: OK. Anything else?

Commissioner Lago: Just one last thing. One of my issues I will be bringing up, I'm going to draft a memo, I know you guys love to read my memos so much that you guys probably didn't read my memo this week that I spent probably about four hours working on with Chelsea.

Commissioner Mena: I did - a lot of pictures and everything.

Mayor Valdes-Fauli: We did.

Commissioner Lago: It was very interactive. I'm going to write a memo based on Betsy Adams Park. I have some great photos. I know that Chelsea was going to put them up and I wanted to make sure - look here they are. This is from; I think its Saturday or Sunday, as you can see my two beautiful daughters and my wife running after them. This is not even peak hours; by the way, we are talking...

City Manager Swanson-Rivenbark: This is before the park is even opened.

Commissioner Lago: Yes, it's not even open, and I wanted to bring that up. There were so many families enjoying the park and every time I drive by you can tell that more and more people are coming by to really enjoy it. The park is going to be a spectacular amenity for the neighborhood. There are a few things and I've gotten a few phone calls from residents, obviously I make them aware that the project is not 100 percent completed, but there is a little bit of confusion in regards to scope, so my memos will be geared toward scope and clarification. I think that we may have pared back some items in regards to the scope on the park. Maybe we should have a discussion if we want to, in next year's budget include some of that and just see how we can kind of meet expectations.

Mayor Valdes-Fauli: I don't understand.

Commissioner Lago: There were a few issues that were there like benches whether

they were rock benches or they were just standard rot iron benches in regards to budget issues that were kind of...

Vice Mayor Keon: It came in over budget.

Commissioner Lago: It came in over budget and they tried to see how they could cut a little bit of items, it happens constantly in construction projects. Now, I'll just give you an example, concrete has gone up over the last six months 20 percent, no one would have seen that, so again, that came out of budget. So the question is, if you want those items in that scope for the park then we have to make sure we budget for it for next year, so I want to make sure we include that. The other item that I wanted to make sure was that we were going to bring up was the issue that we mentioned in yesterday's meeting in reference to Snapper Creek and Hammock Lakes...

Vice Mayor Keon: The lot coverage.

Commissioner Lago: The lot coverage and we are going to make sure that we as a Commission gave the necessary direction to staff, Ramon, Peter, that we want to progress with...

Vice Mayor Keon: Do we include that in the residential piece we had that now is going to the Planning and Zoning Board and then will come back to us?- wasn't that the direction?- that was the direction that was given yesterday, I think.

Commissioner Lago: Yes, we just wanted to bring it before the Commission.

Vice Mayor Keon: You couldn't move that to 35 percent - those two areas.

Assistant City Manager Iglesias: We did not touch the lot coverage, we looked at the setbacks and other issues, but we kept the lot coverage the same, but there were other issues that affected lot coverage that we went through to make that much better.

Vice Mayor Keon: But in Hammock Lakes and Snapper Creek, you remember that they are 15 percent, that issue that we need to move that to 35 percent, so it is the same as the rest of the City with the additional 5 or 10 percent for other structures, we wanted to include that in the document before it goes to the P&Z.

Assistant City Manager Iglesias: Yes, we will modify those that are site specific; we

will modify those site specifics to make them like...

Vice Mayor Keon: Like the rest of the City, so that it goes to the P&Z and then it will come back to us and then...

Assistant City Manager Iglesias: It doesn't affect our document, because that's a site specific for the area that we will modify.

Commissioner Lago: My concern is that I want to alleviate the two or three issues a year where people have to come and seek a variance of some sort to be able to remedy.

Assistant City Manager Iglesias: It's very punitive, it's very punitive.

Commissioner Lago: Like I said yesterday, it's very punitive and the only way to remedy the situation is to have to go through a very long and arduous process. So, I know right, I know right now one home that's under design, full-fledged, and one that's going into potential design by completely different owners, they are owners, they are not developers, they are owners. We mentioned one of them yesterday in the meeting where again, are they going to spend tens of thousands of dollars going through a process which is always the same outcome, which is approved because 15 percent versus 30 is incredibly punitive, so I just want to make sure we send a message out there that we are moving forward and that people feel comfortable and that they are not waiting on this, because they told me listen, I don't want to start spending money if then...

Commissioner Mena: I think the question is, how do we get this done as quickly as possible, but appropriately.

Commissioner Lago: There you go.

Vice Mayor Keon: Well that's why its included in the document as it goes to the Planning and Zoning Board now, include that also in the residential zoning and then let the Planning and Zoning Board go through it and see how they vote on it, then it will come to us, and then we vote on it. So, it should be like what? - it will maybe, when is the next P&Z meeting to schedule that.

Assistant City Manager Iglesias: It will be sometime next month.

Vice Mayor Keon: Oh, they cancelled it. OK, so February it will come back to us in March.

Assistant City Manager Iglesias: It will be the second meeting in February, could be the second meeting in February.

City Manager Swanson-Rivenbark: And also how it's measured, because Miami-Dade they were explaining goes to the middle of the road and we go through property.

Vice Mayor Keon: And, we go from the property line back.

Assistant City Manager Iglesias: It does go to the middle of the road, which does increase that 15 percent slightly, but it's still very, very punitive, so we will just change it to our way of measuring and our 35 percent, we measure 35 percent, it's the way it's done before.

Vice Mayor Keon: It's consistent with the City. So, it should come back to us probably maybe March some time, possibly.

Assistant City Manager Iglesias: End of February or March.

Mayor Valdes-Fauli: Anything else for the meeting? Adjourned.
