For each annual review conducted during years 6 through 10 of a development agreement, the review shall be incorporated into a written report which shall be submitted to the parties to the agreement and the state land planning agency. The state land planning agency shall adopt rules regarding the contents of the report, provided that the report shall be limited to the information sufficient to determine the extent to which the parties are proceeding in good faith to comply with the terms of the development agreement. If the local government finds, on the basis of substantial competent evidence, that there has been a failure to comply with the terms of the development agreement, the agreement may be revoked or modified by the local government.

Note that the Florida Legislature at its 2011 Legislative Session, amended Sec.163.3235 to provide as follows:

Periodic review of a development agreement – A local government shall review land subject to a development agreement at least once every 12 months to determine if there has been demonstrated good faith compliance with the terms of the development agreement. If the local government finds, on the basis of substantial competent evidence, that there has been a failure to comply with the terms of the development agreement, the agreement may be revoked or modified by the local government.

Sec. 21 – Conveyance of Internal Streets and Waterways

Sec. 21 of the Development Agreement provides as follows:

21. Conveyance of Internal Streets and Waterways.

The City recognizes that the UM Campus includes certain waterways and streets which are uniquely internal to the University and which are shown with greater particularity on Exhibits “G” (the “Streets”) and “H” (the “Waterways”). As such, these Streets and Waterways are not readily utilized by the City’s residents for any significant public purpose, these Streets and Waterways do not further any component of the City’s roadway network, and they do not contribute to any public benefit or convenience. The University has historically maintained the subject Streets and Waterways.

(a) The University shall submit all applications and documents required for final action with the appropriate City boards for the vacation of the Streets.

(b) The City agrees to convey title to the internal streets and waterways described in Exhibits “G” and “H”, subject to:

i. a perpetual easement of access for law enforcement, fire and life safety, code enforcement and any and all other municipal purposes; and

ii. a perpetual easement in favor of the City for the purposes of owning, maintaining and operating sixty (60) metered parking spaces which are located on and are a part of the internal roads which are more particularly described in Exhibit “I” attached to this Agreement; provided however, at any time after December 31, 2011 during which the amount of annual net revenue generated by the existing meters will be established, the University may relocate the sixty (60) metered parking spaces to other locations on roads within the UM Campus. The relocation of the metered parking spaces shall be subject to a determination by the City Manager, in the City Manager’s discretion, that the relocated parking spaces will generate revenue equal to or greater than the revenues generated by the meters at the original location. In the event that the parking meters are relocated, the City and the University agree that if after one (1) year of operations, the annual revenue from the parking meters is less than the annual revenue from the original sixty (60) meters, the University shall install additional parking meters to increase the annual revenue to the revenue generated by the original meters. The location of the additional metered parking spaces shall be subject to a determination by the City Manager, in the City Manager’s discretion, that the additionally located parking spaces will generate sufficient revenue to be greater than the revenues generated by the meters at the original location. The City and the University agree that the parking rates to be charged for the metered parking spaces shall

be as established by the City Commission from time to time. The perpetual easement for the metered parking spaces may be released at any time if the University and City agree to a buyout of the metered parking spaces for the net present value of the revenue generated by the original meters.

Status:

The City vacated the Streets by Ordinance No. 2011-03 adopted January 25, 2011, attached hereto as Appendix 11. An Easement of Access, as well as an Easement as to Parking Meters were submitted to the City by the university March 30, 2011 and were recorded in the Public Records of Miami Dade County on June 16, 2011. They are attached hereto as Appendixes 12 and 13 respectively. Likewise, by Quit Claim Deed dated February 7, 2011, attached hereto as Appendix 14, the City deeded the Waterways to the university. No further action is required regarding these items.

The Campus Ownership Map, attached hereto as Appendix 15, shows that the Campus Area has increased to 239.09 acres with the conveyance of the Internal Streets and Waterways, and with the re-conveyance of the Fire Station Property (see Section 4.g. below). No further action is required regarding this item.

Sec. 22 – Re-Conveyance of Fire Station Property

Sec. 22 of the Development Agreement provides as follows:

22. Re-Conveyance of Fire Station Property

The City is the owner of the property legally described on Exhibit “J” to this Agreement, which was acquired from the University for the purpose of constructing a fire station (the “Fire Station Site”). The Fire Station Site is no longer used for fire station purposes.

- (a) Within 60 days of the Execution Date of this Agreement, the City shall commence the process to re-convey the Fire Station Site with clean and marketable title free of all liens and encumbrances.*
- (b) The University shall pay all reasonable and customary closing costs and expenses associated with the Fire Station re-conveyance transaction. The closing shall occur no later than December 31, 2010, unless extended by the mutual agreement of the parties.*
- (c) The City shall deliver the property at closing free of all City or other personal property that may be located thereon.*
- (d) Upon the re-conveyance, the parties agree that the Fire Station Site will be included as part of the UM Campus, as defined in this Agreement, and, subject to the terms of this Agreement, and any applicable City regulations, the Fire Station Site may be developed and used by the University in accordance with the applicable regulations.*

Status:

By Special Warranty Deed dated February 7, 2011, attached hereto as Appendix 16, the City deeded the Fire Station Property to the university. No further action is required regarding this item. The Campus Ownership Map, attached hereto as Appendix 15, shows that the Campus Area has increased to 239.09 acres with the re-conveyance of the Fire Station Property, and with the conveyance of the Internal Streets and Waterways (see Section 4.f. above). No further action is required regarding this item.

The City shall, within fourteen (14) days of the approval of this Agreement, record the Agreement with the Clerk of the Court of Miami-Dade County. Within fourteen (14) days after the Agreement is recorded, the City shall submit the Agreement to the Department of Community Affairs.

Status:

On September 28, 2010, the City recorded the Development Agreement, attached hereto as Appendix 1, in the public records of Miami Dade County, and submitted the Agreement to the Department of Community Affairs on September 28, 2010. A copy of the submittal letter is attached hereto as Appendix 17. No further action is required regarding this item.

 - v. final action conveying the Fire Station Property to the University in accordance with Exhibit “J”;*
 - vi. final action conveying the internal waterways to the University in accordance with Exhibit “H”;* and
