Harry,

It was nice hearing from Ernie's friend - Since losing Ernie ~~to~~ life has been terrible - the hurricane took our house that we rented and everything we owned I am now in Kentucky in a apartment because my oldest daughter lives here - My income was cut in half - I do receive  $\frac{1}{2}$  of Ernie's retirement I look forward to a raise I still have a 14 year old Ernie and I were raising - I did get cancer after he died this has been more than I can bare it is under control I want to go home so bad but I can't afford to live please keep in touch

Thank you  
Bwynne Cate

P.S. The sad part of this is when Ernie died he didn't know he left homeless
