Application:	Riviera Deuce - Review for a Tentative Plat
Property:	Riviera Development – Riviera Deuce (Riviera Drive and Menendez)
Public Hearing:	Planning and Zoning Board
Date & Time:	June 13, 2018; 6:00 – 9:00 p.m.
Location:	City Commission Chambers, City Hall, 405 Biltmore Way, Coral Gables, Florida 33134

1. APPLICATION REQUEST

Request is for tentative plat review for the property located at, Lots 26 and 27, Block 93, Riviera Section Part 2 (intersection of Riviera Drive and Menendez Avenue), Coral Gables, Florida.

"A Resolution of the City Commission of Coral Gables approving the Final Plat entitled "Riviera Deuce" pursuant to Zoning Code Article 3, Division 9, "Platting/Subdivision," being a re-plat of an approximately 0.29 acre property on two (2) platted lots for residential, multi-family use on property assigned Multi-Family 1 Duplex Residential (MF1) zoning, on the property legally described as Lots 26 and 27, Block 93, Riviera Section Part 2 Revised (Riviera Drive and Menendez Avenue), Coral Gables, Florida; providing for an effective date."

The proposed tentative plat requires public hearing review by the Planning and Zoning Board, prior to the preparation of the Final Plat which requires City Commission review at one (1) public hearing (Resolution format).

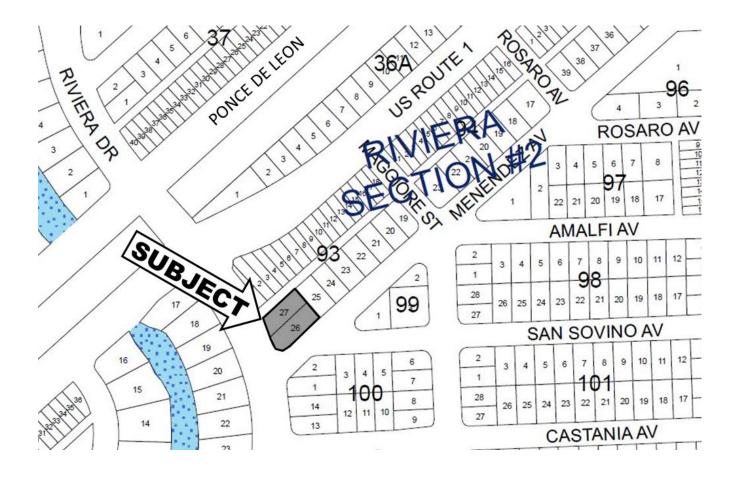

2. APPLICATION SUMMARY

Riviera Deuce, LLC (hereinafter referred to as "Applicant"), has submitted an application for Subdivision Review for a Tentative Plat (hereinafter referred to as the "Application") for City of Coral Gables review and public hearing consideration. The application package submitted by the Applicant is provided as Attachment A.

The request is to re-plat approximately 0.29 acre site at intersection of Riviera Drive and Menendez Avenue, Coral Gables, Florida. The land is currently vacant. The request is to re-plat the two (2) existing platted lots to face onto Menendez Avenue, instead of onto Riviera Drive which is the current orientation of the property.

The purpose of the re-plat would be to allow the owner to build 2 duplex buildings facing Menendez Avenue with the rear of the buildings facing the alley and to continue the development pattern of the other properties in the block. The two lots have no recorded easements. The rear plat has a 10 foot utility easement at the new rear of the property.

3. FINDINGS OF FACT

This section of the report presents City Staff's evaluation of the Application and Findings of Fact. The City's responsibility is to review the Application for consistency with the City's Comprehensive Plan (CP) Goals, Objectives and Policies, compliance with the Zoning Code and compliance with other applicable portions of the City Code.

The procedure for reviewing and recommending a tentative plat is contained in Sections 3-901 through 3-904 of the Zoning Code. The Planning and Zoning Board provides a recommendation on tentative plats to the City Commission. The final plat is prepared from the tentative plat, with a final review and approval in resolution form by the City Commission. Administrative review and approval of the final plat is required by the Miami-Dade County Subdivision Department prior to the City Commission hearing. The tentative plat is provided in the submitted Application (see Attachment A).

Proposed Zoning Plan

The tentative plat entitled "Riviera Deuce" proposes re-platting two (2) existing platted lots to face onto Menendez Avenue, instead of onto Riviera Drive which is the current orientation of the property. Both building sites (Lots 1 and 2) would be deemed to face onto Menendez Avenue, as in the intent of this proposed re-plat. All standard required setbacks for these building sites would apply and remain the same. The duplex structures constructed on the two building sites would be required to meet all provisions of the Zoning Code.

Other Reviews

As required by Code, comments were solicited from affected utility companies regarding the tentative plat. No objections were received from Florida Power and Light Company, Miami-Dade Water and Sewer Department, Fibernet Direct, XO Communications, the City of Coral Gables Utilities Director, or Comcast concerning this re-plat. Copies of each of the utility companies' review letters are included in the application package provided as Attachment A.

City Staff Review

The Zoning Code requires review and comments be provided by the Public Works Department with Staff's report and recommendation. In a memorandum dated May 25, 2018 the Public Works Department stated the Department does not object to the proposed tentative plat and provides comments stating required letters have been received from utility companies and that review is required by the Public Works Department and Miami-Dade County prior to final plat consideration by the City Commission (see Attachment B).

Re: Riviera Deuce, LLC – Replat
 Property: Lots 26 & 27, Block 93, Revised Plat Coral Gables Riviera Section Part 2, Plat Book 28,
 Plat 18, of the Public Records of Miami-Dade County, Florida
 File No.: 15L-168

Dear Mr. Trias:

My office represents Riviera Deuce LLC, the owner of the captioned property, located at the southeast corner of the intersection of Menendez Avenue and Riviera Drive.

These 2 lots are designated as Residential Multi-Family Duplex Density on the Future Land Use Map and are zoned MF1 – multifamily duplex. The balance of the lots on the block are improved with two-story duplex structures facing Menendez Avenue. The lots on Menendez are separated by an alley that bifurcates the block. On the northwest side of the block - being the other side of the alley, the block is improved with a three-story office building.

The owner wants to re-plat the two lots to change the facing. The lots currently face Riviera Drive. The proposed re-plat will have the lots face Menendez Avenue, the same as the rest of the lots on the block. The owner plans to construct 2 duplex buildings facing Menendez Avenue with the rear of the buildings facing the alley. This development pattern is compatible with the remainder of the block. Riviera Deuce developed the duplex buildings on the adjacent block, and the same architect Nelson de Leon, will design the 2 duplex building for these lots. The two lots have no recorded easements and none appear on the original plat. The replat has a 10 foot utility easement at the new rear of the property.

Should you have any questions, please do not hesitate to call me.

Sincerely, ura L. Russo
