- B. Applicability. Except as expressly provided hereinafter, all utility lines, including but not limited to those required for electrical power, distribution, telephone, and communication, street lighting, and television signal service shall be installed underground. This Section shall apply to all cables, conduits or wires forming part of an electrical distribution system including service lines to individual properties and main distribution feeder electric lines delivering power to local distribution systems, provided that it shall not apply to wires, conductors or associated apparatus and supporting structures whose exclusive function is in transmission of electrical energy between generating stations, substations and transmission lines of other utility systems. Appurtenances such as transformer boxes, pedestal mounted terminal boxes, and meter cabinets may be placed above ground but shall be located in conformance with the requirements of the Manual of Public Works Construction. This Section shall be applicable to the following uses:
 - 1. Except for rehabilitation of structures of less than fifty (50%) percent of value, all new construction and utility installations shall be required to be underground.
 - 2. When a structure undergoes a rehabilitation wherein the cost of the rehabilitation is fifty (50%) percent or more of the replacement value of the existing structure as determined by the Miami-Dade County Property Appraiser, utility service facilities for that structure shall be converted from overhead to underground.
- C. Conversion of overhead to underground facilities. Whenever overhead utility distribution facilities have been converted to underground facilities, the property owners in the area to be served by the new facilities shall be required to arrange for the conversion of their existing service facilities in accordance with these regulations and, where applicable, utility company specifications for underground service. For electric service facilities, such conversion shall include but shall not be limited to rearranging existing electric service entrance facilities and necessary facilities within buildings and structures to accommodate the undergrounding of utilities. The property owner shall be responsible for all costs associated with the modification of service facilities for the affected property to accommodate underground utility service.
- D. Notice of conversion requirement. The City shall notify each property owner when conversion from overhead to underground utility distribution service is complete. The notice shall be served by registered mail, addressed to the owner or owners of the property described as they are known to the City Manager or as their names and addresses are shown upon the records of the County Tax Assessor, or other public records of the City or County, and shall be deemed complete and sufficient when so addressed and deposited in the United States mail with proper postage prepaid. All necessary modifications and arrangements for use of underground facilities shall be completed within ninety (90) days of receipt of such notification.
- E. Notice of property owner's failure to convert facilities.
 - 1. If the City Manager determines that a building has not completed conversion to underground utility

service facilities, he or she shall notify the owner of that building in writing and demand that the owner cause the conversion to be made within sixty (60) days of the date of service of the notice. The notice shall be by registered mail and in the form set forth in Subsection (2) of this Section. If such notice is returned by postal authorities, the City Manager shall cause a copy of the notice to be served by a law enforcement officer upon the occupant of the land or upon any agent of the owner thereof.

2. If personal service upon the occupant of the land or upon any agent of the owner thereof cannot be performed after reasonable search by a law enforcement officer, the notice shall be served by physical posting on the property, and by publication in a newspaper of general circulation at least twice, seven days between publications, and thirty (30) days before the date the conversion is required. The notice shall be in substantially the following form:

“NOTICE REQUIRING CONVERSION OF UTILITY SERVICE FACILITIES

Name of Owner _____

Address of Owner _____

Our records indicate that you are the owner(s) of the following land in the City of Coral Gables, Florida: (describe property).

An inspection of this land discloses, and I have found and determined, that a building is located thereon which has not converted its (state type of utility) service facilities from overhead to underground service.

You are hereby notified that unless this building converts its (state type of utility) service facility from overhead to underground service within thirty (30) days of personal service upon you of this notice, or of the second publication hereof, the City will proceed to cause the conversion of these facilities and the cost of the work, including advertising costs and all other expenses necessary to complete the conversion will be imposed as a lien on the land if not otherwise paid within ninety (90) days after the conversion has been completed and the cost thereof ascertained by the City of Coral Gables.”

F. Conversion of facilities by City; Lien; Recording; Redemption.

1. If within sixty (60) days after service of the notice as set forth in Subsection (E) above, or by physical posting of the notice on the property, or within thirty (30) days of notice by publication in a newspaper the required conversion of service of facility has not been effected, the City Manager shall cause the conversion to be made by the City at the expense of the property owner. The cost of the conversion shall constitute a lien upon the real estate served thereby. Upon ordering a conversion of service facilities to be made by the City, the City Manager shall cause to be recorded in the public records a notice of utility service conversion lien pending, which shall include a description of the property and a statement that a conversion has been ordered, the cost of which shall under this Section constitute a lien. The notice of pending lien shall, eight (8) months after the date thereof, be null and void and constitute no record notice of a pending lien.
2. After causing the conversion of service facilities to be done, the City Manager shall certify to the Finance Director the expenses as may have been approved by the appropriate City Department incurred in effecting the conversion and shall include a copy of the notice set forth in Section (E)

above, whereupon such expense shall become payable within ninety (90) days, after which a special assessment lien and charge will be made upon the property, which shall be payable in ten (10) equal annual installments together with costs of recordation of all documents required to be recorded hereby and with interest to be determined by the City Finance Director on the unpaid balance from the date of such certification until paid; however, the lien may be satisfied at any time by the payment of the entire sum due plus accrued interest, recordation costs, and such expenses and penalties as may result from the advertisement and sale of certificates for delinquent liens as hereinafter set out. The Finance Director shall file for record a notice of such lien in the office of the clerk of the circuit court, and shall keep complete records relating to the amount payable thereon. One-tenth (0.1) of the amount of liens accruing during any year ending on June 1 shall be billed and mailed in the fall of the same year to the owners of land subject to such liens at the same time as tax statements for ad valorem taxes are mailed; and if the amount shall not be paid on or before April 1 of the following year, the entire lien and all annual installments thereof shall be delinquent, overdue and in default.

3. The entire amount of the lien may be foreclosed by the City, or in the alternative may be collected by any other legal means, including the advertisement and sale of certificates. Upon full payments of liens provided by this Section or through foreclosure on tax sale certificates, the director of finance shall, by appropriate means, evidence the satisfaction and cancellation of such lien upon the public records. The cost of recordation of the notice of lien pending, the notice of lien, and the satisfaction of lien shall be secured by the lien hereby provided.
- G. Underground facilities to remain underground. Wherever utility service facilities are located underground, such facilities must remain underground and may not thereafter be converted to overhead facilities.

* * *

B. Remote off-street parking. As an alternative to, or in conjunction with providing required parking onsite or through payment in-lieu of providing required parking pursuant to City Code Section 74-201(d), an applicant may apply to use remote off-street parking to meet the off-street parking requirements of the Zoning Code ~~for an expansion or change in use of an existing project~~. The ability to use remote parking may be granted in the reasonable discretion of the City in compliance with the terms of this subsection. The Development Services Director shall approve an application to provide remote off-street parking that is located in the City within one thousand (1,000) feet of the site of the applicant's proposed project, upon finding that all of the requirements of this subsection have been satisfied.

1. Definition. For purposes of this subsection, the "applicant" is defined as the owner(s) of the land on which the uses(s) seeking to utilize remote parking is located. c. Applicability not a basis for later enforcement. 1 THE SECRETARY: Maria Velez? 2 MS. VELEZ: Yes. 3 THE SECRETARY: Rhonda Anderson? 4 MS. ANDERSON: Yes. 5 THE SECRETARY: Julio Grabiell? 6 MR. GRABIEL: Yes. 7 THE SECRETARY: Maria Menendez? 8 MS. MENENDEZ: Yes. 9 THE SECRETARY: Eibi Aizenstat? 10 CHAIRMAN AIZENSTAT: Yes. 11 Thank you very much. 12 MS. RUSSO: Thank you very much. 13 CHAIRMAN AIZENSTAT: Let us take just a 14 five-minute recess so the room clears and we'll 15 take the next items under discussion. 16 (Short recess taken.) 17 MR. COLLIER: The discussion items, I don't 18 think it's necessary to read in the titles, 19 because they are discussion items. They're 20 going to come back to you again as more 21 official items. So that will save us a little 22 time and save my breath a little bit. 23 CHAIRMAN AIZENSTAT: Okay. 24 MR. TRIAS: I think that's a great idea, 25 Mr. Attorney.	1 There are two discussion items. There are 2 three Ordinances, but there are actually two 3 topics. The first two deal with some of the 4 changes that we have been working on on the 5 Zoning Code. And there are two memos that were 6 provided to you. One is the memo that is 7 titled Removal from the Zoning Code. That's 8 basically a strike-through memo. The other one 9 is a memo that transfers certain text to the 10 City Code. 11 MS. MENENDEZ: So you're saying it's only a 12 transfer? Is there any changes to the Code? 13 MR. TRIAS: No, not at all. I mean, no 14 additions. It's simply removals. 15 MR. GRABIEL: Is this a result of the study 16 being done by outside consultants? 17 MR. TRIAS: Yes. And it is presented to 18 you, just so you see where we are and see if 19 you have any ideas or any thoughts or anything 20 that is missing. It's for discussion. It 21 gives you an opportunity to get an update on 22 the process. 23 MS. MENENDEZ: I'm sorry, I might not have 24 understood it. You're saying that this is just 25 a transfer. You're not removing anything from
Page 131	Page 132
1 the language. 2 MR. TRIAS: That's not what I said. I said 3 we have two memos. 4 MS. MENENDEZ: I'm talking about the first 5 one. I'm not talking about them. 6 MR. TRIAS: Okay. 7 MS. MENENDEZ: I'm talking about the very 8 first one, which is F-1. My question is, I 9 thought you had made a statement that this is 10 only being transferred to another section. Why 11 are you rolling your eyes, Mr. Planning 12 Director? Why are you rolling your eyes? 13 MR. TRIAS: Because I made a statement that 14 we have two Ordinances, two Ordinances, and, 15 yes, maybe the first one deals with only the 16 transfer. 17 We have two memos before you for 18 information. One of them, one of the memos, 19 deals with removal from the Zoning Code. 20 MS. MENENDEZ: Okay. Can we just take one 21 at a time, would be my suggestion? 22 MR. TRIAS: Which one would you like to take? 23 MS. MENENDEZ: The first one, the F-1. I 24 have to go like this. I don't know why. It's 25 something I have --	1 MS. ANDERSON: Which is F-1? 2 MS. MENENDEZ: F-1 is the one that deals 3 with the BIOD district, the Business 4 Improvement Overlay District. 5 MR. TRIAS: This deals with removing 6 certain outdated conflicting regulations from 7 the Zoning Code. So this is the memo that is 8 titled, Removal from Zoning Code. 9 MS. MENENDEZ: Right. 10 MR. TRIAS: And this one is just 11 strike-throughs. There's no additions. 12 There's nothing new. There's no transfer of 13 any text to any other place. It's simply the 14 removal. 15 MS. MENENDEZ: Okay. So this isn't a 16 transfer? This is a removal? 17 MR. TRIAS: Yes. 18 MS. MENENDEZ: Thank you, sir. 19 CHAIRMAN AIZENSTAT: Is that because it's 20 obsolete or is that because -- 21 MR. TRIAS: Generally. Like, for example, 22 DRIs, they don't exist anymore. So that's 23 obsolete. So we're taking that out. 24 There are some things that really -- yes, 25 the answer is, yes, it's basically obsolete.

Page 133	Page 134
1 MS. ANDERSON: So the outdoor dining is 2 covered somewhere else? 3 MR. TRIAS: Yes. 4 MS. MENENDEZ: Where is it covered? 5 MR. TRIAS: Which item exactly are you 6 asking about? Which page and which line? 7 MS. ANDERSON: I'm on Page 4 of 5, Section 8 4-206. 9 CHAIRMAN AIZENSTAT: Item Number 2, Outdoor 10 Seating Expedited Process. 11 MR. TRIAS: Oh, yeah. It's just that we're 12 just removing the title. Yeah, that's all 13 there is. 14 MS. ANDERSON: You're just removing the 15 title? 16 MR. TRIAS: Yeah. I don't want you to 17 overthink this. I mean, all we're doing is 18 making some corrections. We're not changing 19 anything in any major way. 20 MS. ANDERSON: As long as we don't have all 21 of the tables and chairs blocking all of the 22 pedestrian area. 23 MR. TRIAS: No. No. We won't do any of that. 24 CHAIRMAN AIZENSTAT: So, Ramon, what are 25 you looking at from us, basically? In other	1 words, you come to us and you say, we're just 2 removing stuff. What is it that we have -- 3 MR. TRIAS: You may recall that the 4 consultant said that we were going to do Phase 5 2 of this process and Phase 2 was going to be 6 corrections, et cetera. So I wanted to give 7 you an early draft, just to see if there was 8 anything obviously wrong or anything obviously 9 missing or anything obviously that you would 10 prefer, just to set some policy. And then it 11 will come back to you as an Ordinance, 12 hopefully soon, hopefully soon. 13 CHAIRMAN AIZENSTAT: A lot of items here 14 seem to be regarding Planning and Zoning Board 15 review, from what I'm seeing. Am I correct? 16 MR. TRIAS: I wouldn't say that, no. I 17 don't think that's really the case, no. 18 Although some things may apply, but like, for 19 example, we're taking some definitions out. I 20 mean, that doesn't have to do with anything. 21 And some of the definitions are simply not 22 effective, and we're trying to make them 23 better. 24 MR. COLLIER: Mr. Chairman, I think what 25 you're looking at the Standards for Development
Page 135	Page 136
1 of Regional Impact, and there's a role that the 2 Planning and Zoning Board had in that process, 3 and I believe what the Director was saying is 4 that, since DRIs don't exist anymore, there's 5 no reason to have the Planning and Zoning Board 6 review. 7 We're here to help each other out, Ramon, 8 right? 9 CHAIRMAN AIZENSTAT: That makes sense. 10 MR. TRIAS: Thank you. Thank you. 11 You know, back in the day, when I was a 12 rookie planner, I used to work in the Regional 13 Planning Council, all of the Regional Planning 14 Council work was DRI work, but that was then. 15 That doesn't exist anymore. The DRIs were 16 taken out of the process. So now we're taking 17 it out from the Code. 18 MS. ANDERSON: Okay. 19 MS. MENENDEZ: And then the one that refers 20 to Development Review, that's transferred to 21 the City Code? 22 MR. TRIAS: Are we going to talk about the 23 second memo now? 24 MS. MENENDEZ: Yeah. I think we're done 25 with the first one, right?	1 MR. TRIAS: So the second memo is 2 transferred to the City Code, and that has to 3 do with some topics that we believe would work 4 better in the City Code, just concurrency, for 5 example, the review of concurrency. 6 Yes? 7 MS. ANDERSON: I just made notations of a 8 couple of things. Sidewalk, street lighting, 9 utility poles and underground utilities, does 10 that mean that Planning and Zoning wouldn't 11 look at those issues anymore? 12 MR. TRIAS: No. What that means is that 13 the standard of the technical requirements for 14 lighting and paving and so on are really a 15 Public Works type of review. We review things 16 conceptually, for lack of a better word, so we 17 do look that -- we have sidewalks, that the 18 sidewalks have lighting, but we don't 19 necessarily look at the technical standards 20 that are required to get a permit for those 21 things. 22 So some of that is being relocated better 23 for the City Code. 24 MS. ANDERSON: But Planning and Zoning 25 could still hear from residents that we need
