**Subject:** Re: paver question on 5410 Orduna

Good morning Emily,

As per the Code Enforcement Board, we need someone from Public Works Department to come and testify/explain why the the resident did not have the same pavers as other residents as per city project done 2016. The hearing is scheduled for November 20, 2019.

We would greatly appreciate it.

Thank you,

Terri Sheppard

**Subject:** paver question on Orduna

Good morning Emily and Alain,

I took 5410 Orduna to our Code Enforcement Board hearing this morning for a dirty roof and not having proper ground cover. The owner of the property brought up to the board members that several houses on Orduna have the paver approach but he does not. I have attached a picture of this property 5410 Orduna without pavers and I attached a picture of the neighbors at 5420 Orduna with pavers. The board members have asked us to look into this issue and return to the hearing with answers. Please let me know if you have any questions.

Thank you.
