24	let's bring another two groups in to question	24	and we all love it, but it's still a body that

8	MR. MURAI: I don't think DHT	8	MR. WITHERS: Well, no, many times the
9	MR. TORRE: But that's today.	9	appellant isn't even the aggrieved party, but
10	MR. MURAI: in my opinion has ever been	10	they've been asked to be an aggrieved party by
11	political.	11	someone that is aggrieved.
12	MR. TORRE: But ten years from now, this	12	MR. MURAI: That's right.
13	law will still apply, and twenty years from	13	MR. WITHERS: And we've all been down that
14	now, the law applies.	14	road before. So, I mean, if someone really
15	MR. MURAI: But if ten years from now,	15	wants to be an aggrieved party and, listen,
16	twenty years from now, if things change, you	16	I'm a big supporter of Dade Heritage Trust. I
17	can get rid of the Ordinance. It's not	17	move stuff all over town for these guys and so
18	permanent.	18	Venny, I kind of hear what you're saying.
19	MR. TORRE: I think there are better ways	19	It kind of concerns that you're letting in an
20	to strengthen the process that goes through the	20	outside group into our not into our affairs,
21	selection of the Board Members, the decision is	21	but into our process. I mean, into our affair

23	selected appropriately, and those decisions	23	me. It's not our affairs, it's the process of
24	should be held to be strong decisions.	24	how they're getting in. So I don't know. It's

There was a motion to approve that failed. So ordinarily you would have a reverse motion, which is MR. MURAI: It's already been moved and second. Let's just vote on it. MR. COLLER: It's been moved and second for denial. MR. MURAI: Exactly. MR. BEHAR: And it got moved and second for denial, correct. MR. COLLER: But we haven't had a vote on it. We've had MR. TORRE: We were having a discussion whether there's another way, maybe a deferment, to allow some other method to take place for correcting this process. MR. COLLER: Right. Well, I think the Commission is looking for input from you. You can say that we feel another method should be considered in your denial. You can do it that 	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	other great cities doing stuff. I just don't know what that is. And the process should be we should learn, what is Charleston doing, what is Savannah doing, what is I mean, there's a MR. CEBALLOS: As part of this initial I don't have a dog in this fight. I'm here just representing the will of the Commission and the Historic Preservation Department. My understanding is, the Historic Preservation Department did do that research and looked to see what other comporable cities have done. Part of their staff was originally part of the staff in Miami when they originally made this specific notch out for, I believe theirs is 501(c)(3)s and DHT. So that research was done by them. It was not done by me. I cannot speak to it. I don't know what other cities have done, but I believe that research was done. MS. VELEZ: It's a shame they're not here to tell us about it, because that would help. MR. TORRE: Do you know if this

9	MR. TORRE: This was their recommendation	9	MR. MURAI: Can we vote on this, please?

3	MR. CEBALLOS: Thank you.	3	MR. TRIAS: Mr. Chairman, the request is

2	MR. BEHAR: Yes.
3	MR. CEBALLOS: Thank you.
4	MR. BEHAR: Now let's go back to the
5	regular agenda, Item E-1. Mr. Attorney, can
6	you read it, for the record, please?
7	MR. COLLER: Item E-1, a Resolution of the
8	City Commission of Coral Gables, Florida
9	granting conditional use approval pursuant to
10	Zoning Code Article 4, "Zoning Districts,"
11	Section 4-206, "Business Improvement Overlay
12	District", to permit outdoor seating fronting
13	Miracle Mile for a nonrestaurant facility,
14	Wolfe's Wine Shoppe, on property legally
15	described as Lots 16 and 17, Block 3 of Crafts
16	Section, 124 Miracle Mile; including required
17	conditions; providing for severability,
18	repealer and an effective date.
19	Item E-1, public hearing.
20	MR. MURAI: Didn't we do this already? I
21	thought we went through all of it.
22	MR. TRIAS: Mr. Chairman no, let me
23	MR. MURAI: We didn't do this?
24	MR. BEHAR: No, we haven't.
25	MS. ANDERSON: Not the application.

	rage so
1	MR. BEHAR: Now, Mr. Trias, can you
2	please
3	MR. TRIAS: Mr. Chairman, the request is
4	for four tables on the sidewalk on Miracle Mile
5	right in front of Wolfe's Wine. As you know,
6	that business has been there for a while, and
7	restaurants are allowed to have outdoor seating
8	under a permit for outdoor seating on Miracle
9	Mile; however, Wolfe's Wine is a retail store,
10	so it's not a restaurant.
11	So then the Commission, fairly recently,
12	adopted this process by which a non-restaurant
13	could have outdoor seating as a Conditional
14	Use. It's a process that the Commission is
15	still discussing, whether it's the best process
16	or not, but at this point, this is the process
17	we have.
18	Mr. Wolfe is here. He has complied with
19	the notice requirements and so on, and if you
20	have any questions, but this is really just to
21	have four tables in front of the store.
22	MR. BEHAR: Mr. Wolfe, would you like to
23	come up and say something? No. Okay.
24	Do we have any member of the public wish to
25	speak on this item?
