CITY COMMISSION MEETING
September 22, 2020

ITEM TITLE:

Resolution. A Resolution of the City Commission of Coral Gables, Florida amending Ordinance No. 2015-17, as amended, to revise various building permit fees; providing for severability, and an effective date.

DEPARTMENT HEAD RECOMMENDATION:

Approval.

BRIEF HISTORY:

The City's permit fees have not been updated since 2015. Since then the Development Services Department has initiated a fee study that recommends various fee changes to certain permits, which are reflected in Exhibit B. The changes will allow greater transparency and ease in fee calculation while recovering the cost of permit review, consistent with the requirements of the Florida Statutes. The new fee changes will take effect Oct. 1, 2020 via the attached Resolution (Exhibit A).
