City of Coral Gables Historic Preservation Board
Kara Kautz - Interim Preservation Officer

Subject: **603 Minorca Avenue**
Re: **Case File COA (SP) 2020-008**
An application for the issuance of a Special Certificate of Appropriateness for 603 Minorca Avenue

My husband and I have been long residents of Coral Gables and want to let the Board know we are opposed to moving the historic house. Moving the nearly 100-year-old house risks damaging it, no matter who suggests theoretically that it can be done. The nice double lot showcases the classic Coral Gables cottage and its coral-rock foundation. Moving it from its original site compromises its historic value and reduces the aesthetic appearance of the property, which is prominently visible from both Minorca and Segovia. Allowing the lot to be subdivided and building a large two-story house next door to the historic house should not be allowed. Such a development would be out of proportion with homes nearby, eliminate the little green space there is and create more congestion.

Sincerely,
Susana Goni & Carlos Castiglione
