Business Grant Program/Cares Act Relief Funds

Mr. Perez updated Board members on the status of two grants submitted on behalf of the City for the Cares Act relief fund. The two grants the City submitted were approved by the Board of County Commissioners - technical workshop grant & small business recovery grant. The Department is reaching out to all our partners so that they can assist in spreading the word about the grants to our business community. The Small Business Recovery Grant is designed to financially assist businesses that demonstrate they have experienced a negative financial impact as a result of the COVID-19 pandemic. The Small Business Recovery Grant funds total to \$750,000. The Technical Workshops funds total \$100,000. The workshops provide businesses with the technological tools and

methodologies that are readily available in the market to improve their communication and/or interactions with customers and suppliers in an efficient and cost-effective manner; upgrade their business processes to mitigate the current financial impacts created by COVID-19; retain and retool their existing workforce; and establish a resilient and adaptable business process to weather current and/or future disasters or crises.

4. Open Discussion

The Illuminate Coral Gables project is moving forward. The event is an illuminated art exhibition which is scheduled for mid-January. One of the focal points of the project will be an exhibition from artist Kiki Smith who will create illuminated, one-of-a-kind constellation pieces.

Coral Gables will also soon launch a murals project on Miracle Mile in partnership with the BID. The murals are very happy, uplifting, hometown murals, creating very beautiful backdrops for photos. The goal is to attract more people to the downtown.

There being no further discussion the meeting was adjourned at 9:03 a.m.

Respectfully submitted,

Yenisis Gomez, Administrative Assistant, Economic Development Department.
