A. PUBLIC HEARING

B. NEW BUSINESS

B-1 Miami-Dade Public Schools Personnel Update (Facilitated by Naomi Levi Garcia, Staff Liaison)

Iraida Mendez-Cartaya has left MDCPS. Martha Montaner, Administrative Director for the Office of Intergovernmental Affairs and Compliance will be the new point of contact for the SCRC.

B-2 School Board 2021 Legislative Priorities (Facilitated by Martha Montaner)

Legislative program was approved by the School Board in November. District hired Damian Jaine as a lobbyist. There are strict COVID protocols at the Capitol this year.

Legislative Committee meetings have started. There is no budget yet by Governor.

March 2nd – Lobbyists will start the work of the school board.

The top tier of goals is funding. Protecting operational funds due to lost students, approximately 8,000 lost. District is in essence asking to be held harmless in light of the pandemic.

District to continue the funding compression – supplement to districts if they fall below the state average. Miami-Dade is typically a donor district for the state of Florida. They are asking for no punitive measures because of the pandemic and aiming to keep funding level.

District is advocating for funding for extended school day for those students who are not progressing or have fallen behind. This is an effort to address the learning loss.

Other top priorities include:

- Accountability and Assessment – District wants to use test results as a baseline, without any punitive measures. From what they learned at prior week's school board meeting. There is an 89.6% graduation rate. Examinations have been suspended. This is a 4% increase from previous years.

- Governance – Use the superintendent's authority

- Capital Funding – School board is in favor of state fully funding charter schools capital outlay. They are asking that the state give an allocation to the charter schools from the State budget.

- Teacher Retention – District is having issues retaining teachers in large urban districts. Many teachers are requesting ADA accommodations.

- District has a robust website.

There is a request for graduation rate for Coral Gables Senior High – 93.3%; Last year – 89.7%

Updates on teachers getting vaccines - Superintendent is prioritizing having teachers and personnel to receive the vaccines.

C. OLD BUSINESS

- C-1 Review of 2021 School Community Relations Committee Meeting dates (Facilitated by Solanch Lopez, Secretary)**

D. ONGOING BUSINESS

- D-1 Update on nurses at Coral Gables schools (Facilitated by Martha Montaner)**

G.W. Carver Elementary School is the only remaining school within the City of Coral Gables that does not have a nurse. Training is taking place and the spot should be filled shortly.

School Board Member Rojas has visited all the schools in District 6. We have nurses or EMTs to cover each of the schools within the district. She thought this was handled and finds Carver not having a nurse unacceptable and is following up with District.

There is an interest on behalf of the City Fire Department to assist and assure there is coverage of a school nurse at Carver Elementary School. City Staff is working on logistics. Previous agreement expired December 2020, and new agreement is being considered.

- D-2 General Updates (Facilitated by Solanch Lopez, Secretary & Naomi Levi Garcia, Staff Liaison)**

MDCPS Updates Provided by School Board Member Rojas:

Teacher retention – This year has taken a toll on the recruitment of the teaching profession. Many have resigned due to the pandemic. We have numerous initiatives to handle brick and mortar and virtual learning.

Dealing with vaccines – School board has been addressing need to vaccinate teachers and personnel. A letter was sent by the Superintendent to address these concerns.

D-3 Notice Pursuant to Resolution No. 2020-245 (Facilitated by Naomi Levi Garcia, Staff Liaison)
