A Resolution of the City Commission approving design and construction of a foundation for temporary exhibition of artwork; and authorizing an amendment to the Fiscal Year 2020-2021 Adopted Budget to transfer \$20,000 from the Art in Public Places fund balance and appropriating such funds to put toward the cost of the project.

Engineering and fabrication of a universal foundation base is requested to accommodate the recently approved temporary exhibition of a sculpture by artist William Barbosa.

Constructing a universal foundation base will accommodate potential exhibition of future artworks if desired.

Funding for engineering and construction of the universal foundation base is estimated below \$20,000 as determined by the recent Rafael Barrios sculpture project and is being proposed through the art acquisition fund.

An amendment to the Adopted Fiscal Year 2020-2021 Budget is required to transfer the \$20,000 from Art in Public Places fund balance and appropriate such funds to put toward the project.
