A Resolution of the City Commission authorizing the City Manager to enter into a Cooperative Agreement with the School Board of Miami-Dade County, Florida, for Project Victory, a program that assists young adults with disabilities by providing work skills and employment training within the City of Coral Gables.

Project Victory is a program developed by Miami-Dade County Public Schools (“MDCPS”) to prepare students with disabilities for financial, personal/social and/or independent functioning through the acquisition of employability skills essential for success in the workplace. Project Victory is designed for up to 12 students per semester that are enrolled in a Miami-Dade County public school and are referred to Project Victory by their teachers, program specialists and other school support staff.

The City hosted Project Victory students during the 2022-2023 school year and wishes to host Project Victory students again at City Hall, the 427 Building and the Public Safety Building during the 2023-2024 school year to allow students to benefit from on-the-job training and real-life experiences. MDCPS will provide an on-site-teacher and paraprofessional job coach that provide instruction, support and direct supervision to students according to a training plan developed for each student in conjunction with a City representative. While working at the City, the City will offer the students employability skills based on the student’s capabilities and experience.
