Ms. Pantin advised folks who have registered before will be receiving a flyer with information, the City will also be reaching out to various locations where there is a large elderly population, they

will also be attending an Elderly Board meeting and asked if the Board can come up with any other ideas, to please advise them.

Ms. Pantin advised the informative fliers will be distributed in various ways, including taken to certain buildings and locations identified using information on list they have from the past, but it will not be mailed out massively. Ms. Pantin explained folks are required to apply directly via County and that the City is distributing fliers to make the community aware of the available County services.

Mr. Sando asked if a place like the Palace would be one to be contacted. Division Chief Jones advised places such as the Palace are required to have in place their evacuation plans.

Mr. Liebl stated she believes it would be beneficial to perhaps have the fliers placed in places such as a bulletin board in Publix or on the digital Board on Giralda. Ms. Pantin advised she will be looking into the Publix bulletin boards, however, due to character limitations it makes it difficult to place this information on it. Ms. Palacio-Pike suggested regarding local newspapers as well as newsletters and Ms. Pantin stated they have worked with both in the past and will do so again.

Ms. Duran stated she would be meeting representative of Miami-Dade County who oversee handicap parking for the County and perhaps this could be addressed.
