

Legislation Text

File #: 21-3250, **Version:** 1

A Resolution of the School Community Relations Committee urging the City Commission to request that the Miami-Dade County School Board include the entire City in a single school district, The Miami-Dade County School Board (“School Board”) is legally required to review, formulate and approve a redistricting plan and adopt a resolution setting forth the boundaries for that plan prior to the end of 2021.

The School Community Relations Committee believes it would be advantageous for the City to be located entirely in one school district, so that all public schools and residents receive equal representation.
