ART IN PUBLIC PLACES, PROJECT UPDATES:

**Miracle Mile**

Ms. Cathers reported that the next Arts Advisory Panel meeting is scheduled for June 28<sup>th</sup> at 8:30 a.m. when they will review the next phase of the Artists' design concepts. She provided an overview of the process and project to date and also stated that funds are being requested through a State grant to support the project. It was noted that once the Panel feels they're ready, the proposals will be posted for public comment prior to going to this Board for a recommendation to the City Commission.

**Temporary Public Art Exhibition Proposals**

Board members received copies of two temporary public art exhibition proposals. Ms. Cathers asked the Board to first discuss general elements of temporary public art exhibitions prior to discussing the proposals specifically. She noted that at this time the proposals are broad and lack the detail necessary to make a recommendation and that the initial recommendation may come from the Arts Advisory Panel to this Board, who would then make a recommendation to the Commission.

DISCUSSION:

Dr. Roth stated a desire to establish a subcommittee to continue work on the fundraising concepts the Board previously discussed (for the purpose of providing supplemental funds to the grant program). The Board agreed that the amount of work involved is great and requires creative people who love the arts and whose expertise is in fundraising.
