In order to provide for expanded economic opportunities to establishments affected by the COVID-19 pandemic, while complying with social distancing measures, on May 26, 2020, the City Commission adopted Resolution No. 2020-119 which authorized the City Manager to provide expanded outdoor seating opportunities in the right-of-way, on private property, and on city-owned properties by relaxing the requirements in Appendix E, Section E.1(B)(4)<sup>1</sup> and 3-315<sup>2</sup> of the Zoning Code relating to outdoor dining/open-air dining requirements; to waive all fees applicable to outdoor dining/open-air dining permits; to provide for expedited permitting; to temporarily close streets, subject to County approval, if required, to provide restaurants with additional outdoor dining opportunities; and to relax applicable standards relating to signage. The City Manager was granted such authority through January 15, 2021, which was further extended through June 15, 2021 by Resolution 2020-266, to January 15, 2022 by Resolution No. 2021-76 and to May 31, 2022 by Resolution No. 2022-14.

The City Commission acknowledges that the expansion of such authority has been a successful measure to allow establishments to maximize their ability to serve patrons outdoors and that the expanded opportunities have been well-received in the community. As such, the City Commission wishes to extend the deadline set forth in Resolution No. 2022-14 through August 30, 2022.
