Historic Preservation Board Meeting of February 20, 2014.

LOCAL HISTORIC DESIGNATIONS:

CASE FILE LHD 2013-002 CONTINUED: Consideration of the local historic designation of the property at 235 Majorca Avenue, legally described as Lots 42 to 45 Inclusive, Block 7, Coral Gables Section "K," according to the Plat thereof, as recorded in Plat Book 8, Page 33 of the Public Records of Miami-Dade County, Florida.

A motion was made and seconded to ask the Director of the Historical Resources Department to recommend to the Planning and Zoning Division that the Planning and Zoning Division develop a database, with the assistance of the Historical Resources Department, to determine the scope of properties that could be deemed historic and the amount of TDRs that could be transferred from those properties in the North Ponce de Leon Boulevard area* if the donor base for TDRs were expanded to include the North Ponce de Leon Boulevard area; and to ask the Planning and Zoning Division to develop proposed text for amending the Zoning Code to allow the transfer of TDRs from these donor sites in the expanded area to include multi-family properties in the North Ponce de Leon Boulevard area, and to bring the proposed amendment back to the Board within three months for its consideration of a recommendation to adopt the proposed amendment to the City Commission. (*The North Ponce de Leon Boulevard area referenced above is north of the Central Business District [Navarre Avenue] and east of LeJeune Road. The sending properties would be the multifamily properties in that location that are designated as historic.)

DISCUSSION ITEMS:

Window replacement for 508 Caligula Avenue, a contributing property within the “French Country Village Historic District,” legally described as Lots 9 & 10, Block 124, Coral Gables Riviera Section 10, according to the Plat thereof, as recorded in Plat Book 31, Page 1 of the Public Record of Miami-Dade County, Florida.

Ms. Kautz relayed that the matter was brought to the Board for input regarding window issues she discovered during an inspection. She reviewed the property’s 2010 Certificate of Appropriateness, displaying the architect’s original proposal and submittal drawings with windows depicted as single-hung window types. The 2010 Board specified that the windows be casement. The drawings appeared to specify double casement windows. However, single casements were installed. All other windows on the house are existing aluminum awning windows. She asked the Board to determine whether or not the owner needs to change new windows to double casements, and introduced property owner Andrea Askowitz. After discussion, Board members consented to allow the owner to keep the new windows as installed.

Douglas Entrance Windows: Mr. Torre raised the issue of the windows on the Douglas Entrance building and asked if there was a protective covenant that specified the replacement of the windows. He suggested that staff, through Code Enforcement, pressure the owners to protect the windows.

Art in Public Places: Ms. Spain advised that staff will report the amount of the fund for historic preservation within the Art in Public Places fund.

City Hall: In response to Ms. Thomson’s question about a survey of the condition of City Hall, Ms. Spain said the Public Works Department could advise.

MacFarlane Homestead Subdivision Historic District: Ms. Spain pointed out the district report submitted to Miami-Dade County. She said there is money available for these residences, mentioned how helpful Commissioners had been, and advised that the properties should eventually come before the Board for historic restoration. The importance of

ongoing maintenance was discussed.

House on Lisbon: In response to Ms. Thomson's question about a Lisbon residence being demolished today, Ms. Spain relayed that it was not historically designated. An application to demolish the structure was submitted. Staff visited the property with Peter Iglesias. The property had been altered, was not historically significant or structurally sound, and it was allowed to be demolished.

Board Vacancy: Ms. Spain said the City Manager was seeking a candidate, who needs to be either a certified planner or a registered landscape architect.

Segovia Circle: Since this is a Public Works Department project, Ms. Spain said she was unaware of the current status.

NEW BUSINESS:

Miami Center for Architecture: Mr. Silva announced that the Center's opening exhibition will be held March 7th and encouraged attendance.
